Acknowledgements

The Studbook Keeper wishes to thank all the people and organisations who have assisted with the studbook compilation.

The Studbook Keeper wishes to thank, in particular Laura Linn for entering and compiling the data presented in this studbook and for processing the studbook reports. In addition, the Studbook Keeper wishes to thank Laurie Bingaman-Lackey for her assistance in data clean-up and connecting previously unknown ISIS links with the Cheetah Studbook data.

The Studbook Keeper also wishes to thank the donors to Cheetah Conservation Fund (CCF) UK for their major financial support that covers the majority of the costs involved in compiling, publishing, mailing, and also the support of CCF Namibia and CCF USA for their on-going support.

SECTION A

Introduction

Introduction

The 2007 International Cheetah Studbook is the seventeenth edition of the world registry for captive cheetah. This edition of the International Cheetah Studbook combines all information available for the period 1 January, 2007 to 31 December, 2007.

The captive cheetah population on 31 December 2007 was 1414 (730.679.5) animals in 254 facilities in 48 countries. The captive cheetah population lives in eight geographical regions. Figure 1 shows the percentage of cheetah living in these regions as of the end of 2007. Table 1 is a breakdown of the eight regions by country for 2007. In addition, 19 (10.9.0) cheetahs are found in unknown locations (primarily sales to game dealers where the final destination was not submitted to the studbook keeper).

This edition of the Studbook includes the major changes in the captive population from 1 January, 2007 through 31 December, 2007 (Section B). Section C is a summary of the captive cheetah population, by studbook number, at individual facilities as of 31 December, 2005.

Also included in this edition are all additions (Section D), 2007 births (Section E), 2007 deaths (Section F) and 2007 transfers (Section G). Under Section F is an additional subsection titled "Lost to follow-up (LTF)" 2007. These animals have not been reported dead, but have been removed by the studbook keeper as it is assumed they are dead (unfortunately the studbook keeper has no recent information on these animals), or they were released. Section H is a Studbook listing of all live animals as of December 31, 2007.

<u>Unknown</u>	Unknown	6	19	10	9	0
	2007 - 6 unknown locations holding 19 (10.9.0)					
	2007 Total					
	48 countries, 254 facilities, 1414 (730.679.5)					

From January 1, 2007 to 31 December, 2007, 104 (55.46.3) new animals were registered (see Section D), representing newly imported wild-caught animals, and births during this period. Of these, 3 captive born animals were of unknown sex and 8 (3.5) animals were wild caught. Of these animals, all 8 went to two facilities in South Africa and Namibia.

2007 Studbook Information

The captive cheetah population on December 31, 2007 was 1414 (730.679.5) animals in 254 facilities in 48 countries. Of the 1414 animals, 76% or 1069 (554.510.5) were captive-born and 23% or 330 (166.164) were wild born (see figure 2). Fifteen (10.5.0) animals were of unknown origin. This figure shows an increase of 18 animals in the number of captive-born animals in the population compared to 2006. The number of wild-born animals decreased by 7 animals compared to the population of wild-born animals during 2006.

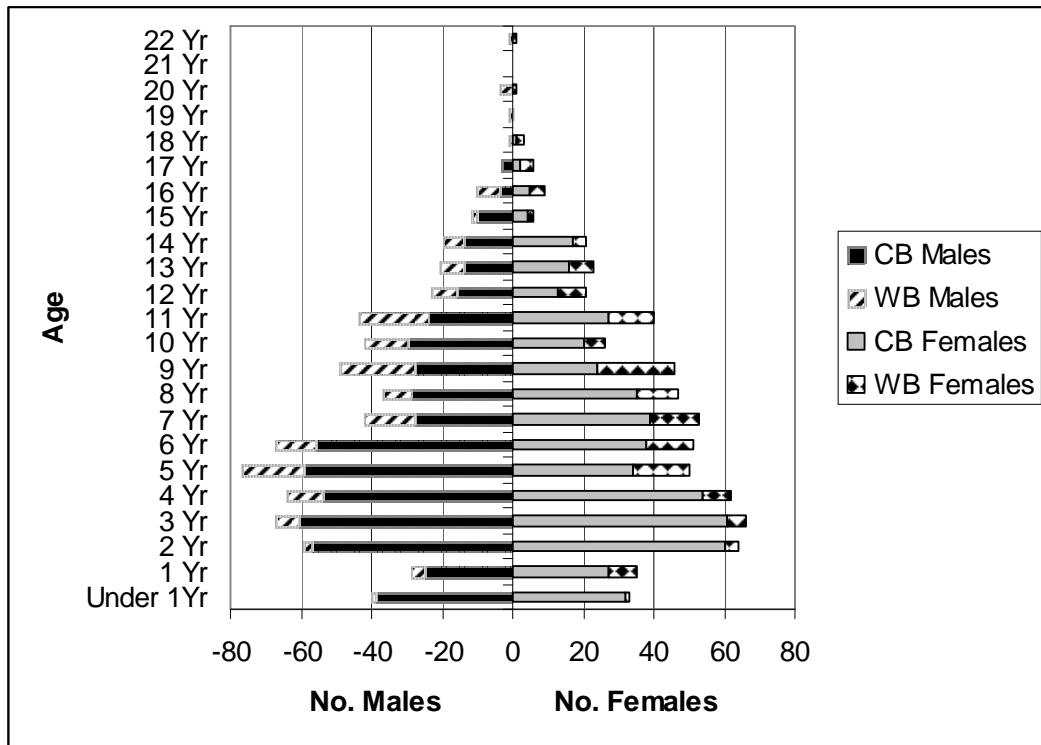

Figure 2. Age/Sex Structure of the 2007 Captive Cheetah Population for Wild-Born (WB) and Captive Born (CB)

Successful parentage was reported in 2007 with animals as young as three years old and as old as 11.9 years of age. The majority of successful breeding for both sexes occurred between three and ten years of age. The data are relevant in assessing the age structure of the 2007 population. As shown in Figure 2, 56% or 787 (410.377) animals of the 2007 population are within the prime breeding age bracket ($\geq 3 \leq 10$ years of age). Of the animals in this age bracket, 13% or 178 (88.90) are wild born. The percentage of sub-adult animals ($0 < 3$ years of age) is 18% or 261 (129.132) animals, of which 2%, 20 (7.13) animals are wild born. Twenty four percent or 342 (182.160) animals are older than the usual breeding age (> 10), of which 5% or 119 (67.52) are wild-born.

During 2007, 95 (52.40.3) cubs were born in 30 litters in 18 facilities in 10 countries (see section E). Table 2 lists these litters of cubs and facilities. These births represent an increase in productivity from 2006 when 77 cubs were born. Of the 95 cubs born, 22 (11.8.3) died under 1 month of age, which represents 23% infant mortality. Three (2.0.0) cubs died between one month and six months of age. Total cub deaths less than six months of age were 25 (13.8.3), which represents a 26% cub mortality, which is slightly less than the 2006 cub mortality, which was 29% (20 cubs).

Table 2. 2007 Births by Facility

Facilities	No. Litters	No. Cubs	No. Cub Deaths Under A Month	No. Breeding M/F

18 Facilities	28	52.40.3(95)	11.8.3(24)	26.29(55)

+ First time breeding success

On a facility basis, of the 254 facilities that held cheetah in 2007, 18 had reproductive success. As shown in Table 2, of those facilities, 17 had previous reproductive success, and one of the facilities had success for the first time in 2007. There were 55 (26.29) cheetahs that were reproductively active during the year. The age distribution of successful breeders in 2007 is presented in Figure 3, and the age distribution of all breeding animals alive at the end of 2007 is presented in Figure 4. This data is relevant in assessing the age structure of the 2007 population presented in Figure 2. At the end of 2007 there were 179 (85.96) proven breeders alive in the captive population. During 2007, only 55(26.29) animals, 4% of the captive population successfully bred and 9% {5 (3.2)} of these were wild-caught animals.

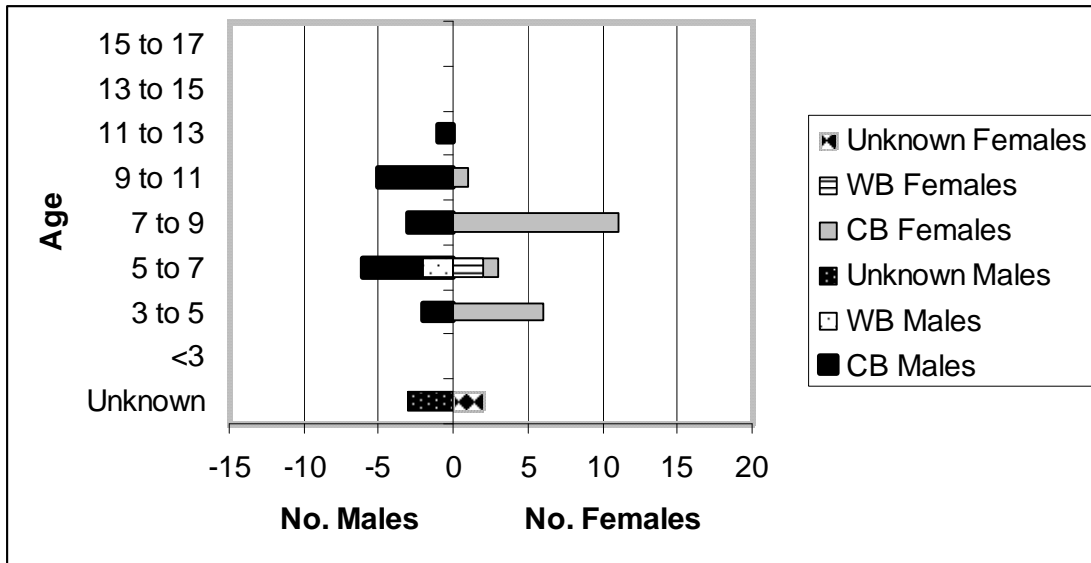

Figure 3. Age Distribution of Animals that Successfully Reproduced in 2007

Of the 1414 cheetahs alive in the 2007 population, 179 (85.96) animals are proven breeders or animals that have bred at least once. This number permits the computation of the effective breeding size (N_e) for the 2007 population using the formula:

$$N_e = \frac{4 \times 85M \times 96F}{730m + 679f + 5unk} = 23\%$$

Where M is the number of breeding males and F is the number of breeding females. This value (N_e) is equivalent to 23% of the captive population.

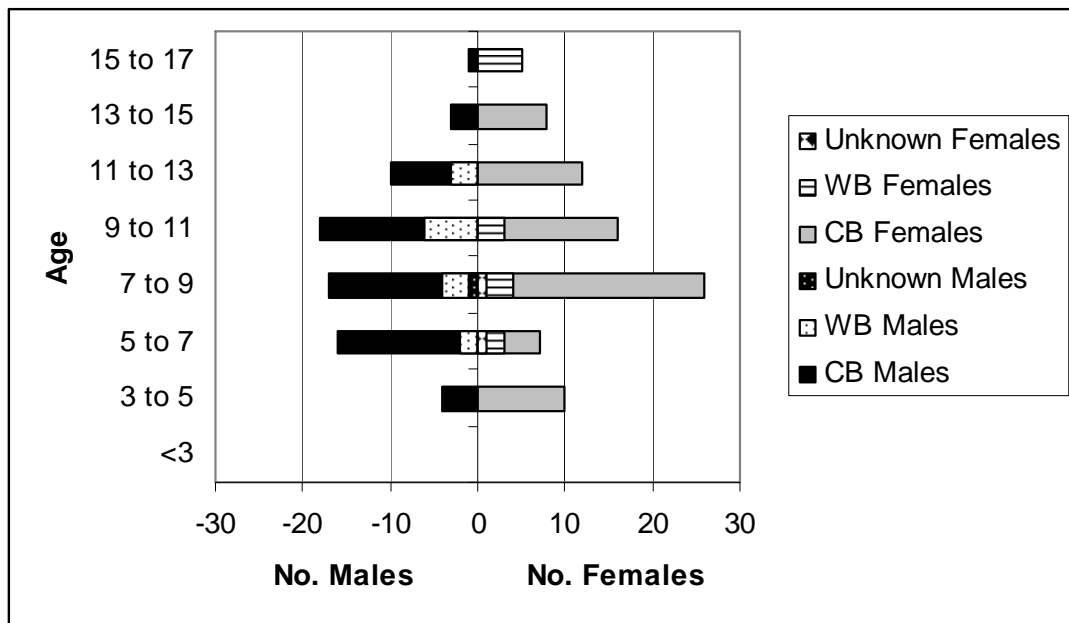

Figure 4. Age Distribution of Proven Breeders Alive as of 31 December, 2007.

Deaths reported in 2007 totalled 88 (45.40.3), including cub death (see section F). Figure 5 shows the age at death of captive-born and wild-caught cheetah by sex in 2007. Of the animals that died, 16% or 14 animals were within the prime breeding age group ($\geq 3 \leq 10$ years of age); 38% or 33 animals were under 3 years of age, of which 34% or 30 were under 1 year old; and 40% or 36 were over 10 years of age.

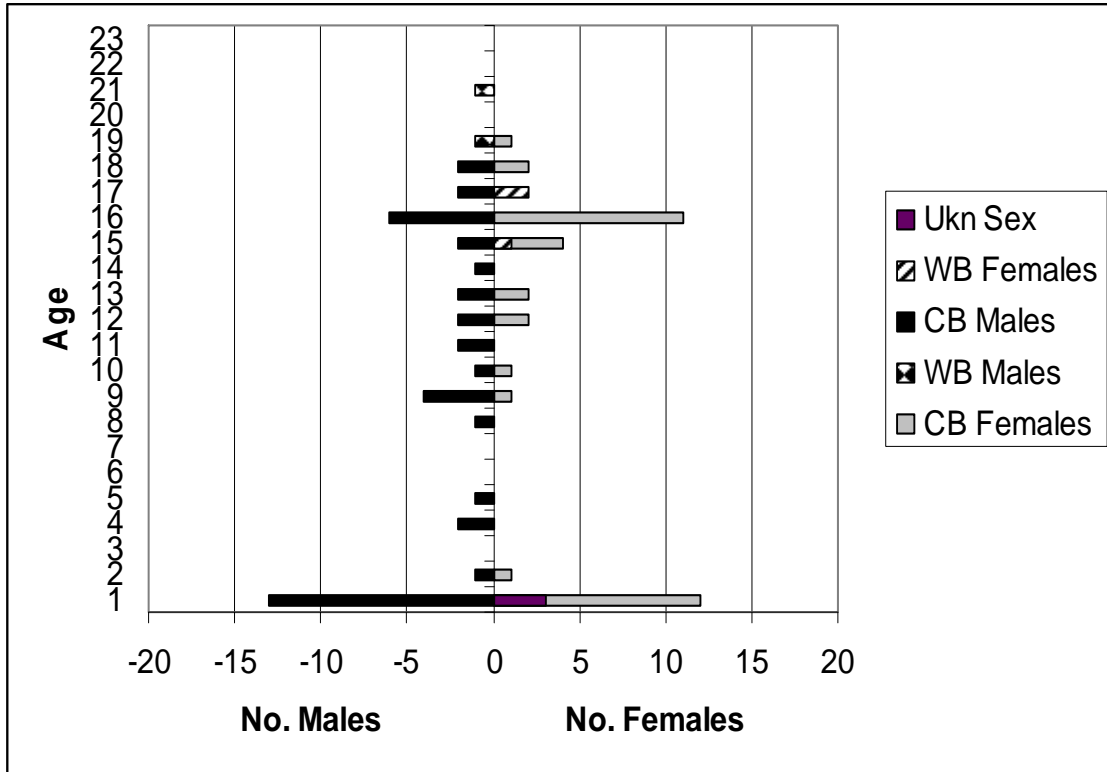

Figure 5. Age at Death of Captive Born (CB) and Wild-Born (WB) Cheetah, 2007.

During 2007, 57 known facilities transferred animals either into or out of their facilities.. There are eleven new facilities holding cheetah, and twenty two facilities no longer holding cheetah. Since the end of 2006, there has been an increase of 19 animals in the world's captive cheetah population.

Conclusion

The relative success of the world's captive cheetah population over the past few years indicates that an increased reproductive success throughout the world's cheetah facilities can be achieved through a cooperative management programme. This will become even more important to work towards as the availability of importing wild cheetahs into captive facilities declines.

There will always be some wild-caught cheetahs that cannot be released back into the wild. It is the responsibility of the world's zoos to cooperate in maximizing the breeding success of these important wild founders, as set out in the goals of the World Zoo Strategy. The main goal of the world's zoos is to manage the captive cheetah population without the need for wild-caught animals.

Overall, the global captive population has not been self-sustaining. However, the number of breeding animals and the effective population size of the captive cheetah population worldwide have increased to an all time high of 23% for 2007 (see Table 3). Although the effective breeding population increased in the last year, there continues to be large differences among different regions and within the same regions in reproductive success (see Table 2). This large difference within a region may be an important indicator as to how cheetahs could be managed such that a population could become self-sustaining. Therefore, the development and collaboration of successful regional breeding programmes is critical in order to contribute to the sustainability of the captive population worldwide.

Table 3. The number of breeding animals and effective breeding size of the World's captive cheetah population (2002 – 2007) and increase of population annually.

	2002	2003	2004	2005	2006	2007
# Breeding animals	162	145	168	168	163	179
Ne % of population	8.27%	15	20	19.5	19	23

It is hoped that you, the captive managers of cheetah, will continue to assist with the accurate record keeping for collectively managing this species in captivity. As the Studbook Keeper, the data presented to you in the International Studbook is only as accurate as that which is reported. A questionnaire is sent to all facilities that have cheetahs twice a year, however, not all facilities report back annually (see Section C). Therefore, most of the current information has been compiled through the use of the ISIS database. Please check these records and report any discrepancies.

In the long-term, the development of a Global Master Plan is a critical component for the long-term future of the species. As the free-ranging population of cheetah continues to decline and a large amount of genetic diversity of the remaining populations is lost, the captive and wild populations should be managed in cooperation.

The Studbook

The International Cheetah Studbook has the purpose of registering all cheetah in the world held in both zoological and private facilities and providing information about existing animals by publishing the studbook contents thus creating the preconditions for selecting breeding animals.

The 2007 studbook data includes all cheetahs known to be alive as of 31 December 2007. The International Studbook has added captive animals around the world. It includes wild-caught and captive-born animals, which were alive in 1980 and after, as well as founders with live offspring from 1980. Each registered animal has a studbook card.

The data on the following pages has been computerized using the International Species Inventory System's (ISIS) Sparks Studbook Program. The information was compiled from various sources: Bi-annual questionnaires sent to all facilities holding cheetah; International Species Inventory System (ISIS); and importantly, personal communications. Excellent cooperation has been obtained from many facilities, and it is hoped that the data is accurate and complete. The Cheetah Studbook Keeper makes entries based on reported evidence and must assume that all information received from breeders is correct. Owners and holders of cheetahs are urged to check the studbook for accuracy and if there are any discrepancies, the studbook keeper would appreciate notification.

Registration Procedures

The following are procedures used by the studbook keeper for registering new animals into the studbook and guidelines for the holding institution, owners, breeders, and animal dealers. These guidelines are necessary conditions to achieve the best possible procedures for reporting new acquisitions, additions to inventories (birth and imports), and deletions (transfers out of inventories and deaths).

Registration

To register an animal, the studbook keeper is supplied with information about the sex, name, date and place of birth, and all previous owners and dates of transfer of ownership. If the parents are known, please include name studbook number, date of birth and origin of both dam, and sire. Also, if animal has produced any offspring, please give sex, date of birth, mate, and description for all cubs born.

Once all this information has been gathered, the studbook keeper will issue it a consecutively assigned “studbook number” in the International Cheetah Studbook.

- Cheetahs caught in the wild will be assigned a studbook number by the studbook keeper.
- Cheetahs born in captivity will be assigned, by the studbook keeper, a breeder number in addition to their studbook number.
- The breeder number includes a set of initials that correspond to an abbreviation of the facility name followed by a number. The breeder numbers are assigned by the studbook keeper according to the sequence of births in that breeding facility.
- cheetahs born at the facilities are continuously registered, including stillborn and deceased. Numbering in a litter starts with the males and ends with ones of unknown sex.
- The studbook and house name are the same unless otherwise recorded by the breeder.
- The studbook card will be sent to the animal owner to accompany the animal until its death. One copy of the studbook card remains with the studbook keeper.
- The studbook card is the same colour for all sexes.

Additions To Inventory

- The studbook keeper must be kept informed of all additions, births, or transfers in (requested within one month).
- For animals caught in the wild, documents must be sent to the studbook keeper indicating date and place of capture, supplier, and dates of arrival, including an estimated date of birth and the parents.
- For animals born in your facility, report to the studbook keeper the complete litter including stillborn and deceased young; indicate the date of birth and the parents.
- Offspring and changes of ownership will be entered onto the studbook card by the owner.

Deletions From Inventory

- The studbook keeper must be kept informed of any deletions – transfers out of facilities and deaths (requested within one month).
- If registered cheetahs are sold or transferred, the studbook card must be sent to the new owner and change of ownership be reported to the studbook keeper (including full address details). Be extremely careful when transferring cheetahs through animal dealers and send studbook cards directly to the new owners.
- The studbook card should be returned to the studbook keeper after the animal's death with the appropriate information, date, place, and cause of death, necropsy report, and disposition of carcass.
- The end of the studbook year is the 31 December every year. A bi-annual report of all changes in animals during the year must be sent to the studbook keeper by July 31 (for the period of 1 January – 30 June) and 31 January (for the period from 1 July- 31 December). Bi-annual questionnaires will be sent to all the facilities for completion and returned to the studbook keeper

Studbook Format

Order of listing: All cheetahs are listed in order of their studbook number.

Dates: Dating system used for birth date, transfers and death date is day, month, and year.

Studbook Number: Starting with number 1, these numbers were assigned sequentially in chronological order in the North American Regional Cheetah Studbook. Since some changes in dates occurred since the first Volume in 1983, the changes were left where they are already numbered. Within each year, studbook numbers were assigned as the studbook keeper was notified of births or acquisitions and, therefore, are not necessarily listed in chronological order.

Starting with studbook number 611, the International Cheetah Studbook is in chronological order with new international additions. As changes have been made, the changes where they were already numbered. (It is strongly recommended to tattoo all animals in the inner tight with their studbook number. Please notify the studbook keeper as animals are tattooed).

Sex: M for male; F for female; U for Unknown

Name: The names of the animal are left up to the breeders and owners.

Breeder Number: The breeder number includes a set of initials that correspond to an abbreviation of the facility where the animal was born, followed by a number which is the individual's number in sequence of births in that breeding facility. The breeder number is assigned by the Studbook Keeper. (See Breeder Facility abbreviations at the end of this section).

Date of Birth: Each animal's birth date; "Y" after birth date indicates estimated birth date.

Sire and Dam: The studbook numbers of the parents are listed if the parents are known, otherwise listed as "WILD" if the animal was wild-born or "UKN" if unknown, or "MULT" if there is unknown possible multiple selections. When known, the multiple selections are listed in section K.

House Number: The number used by holding facility to register the animal with ISIS (The International Species Inventory System, c/o Minnesota Zoological Gardens, 12101 Johnny Cake Ridge Road, Apply Valley, MN 55124, USA), or the individual number used by individual facility.

Location: The Institution holding the individual as of the date specified and not necessarily the owner. In most cases, institutions are listed by the city where the institution is located, followed by country. An institutional list is available in section D.

Since: Arrival date to the facility holding the individual animal or death date.

Status: Indicates Capture, Birth, Transfer, and Death and relates this transaction of the individual animal to the date in the "since" column.

Tattoo: Indicates the individual's tattoo number or the microchip number. It is strongly recommended to tattoo all animals in the inner thigh with their studbook number. Please notify the studbook keeper, as animals are tattooed.

Inbreed: This number represent the inbreeding co-efficient for each animal.

Comments: Includes cause(s) of death reported through necropsies or causes listed on returned studbook cards; "Living Status Unknown" for living or death status which is not known or confirmed; "Assumed Dead" for animals that are believed not to be living and confirmation is not available; "Same As" identifies animals that have been registered twice. Other comments are encouraged and will be included.

Breeder Numbers – Breeding Facility Abbreviations

The following is an alphabetical listing of the abbreviations used in the breeder numbers assigned to the facilities as at 31 December 2007.

ABQ – Albuquerque, Rio Grande Zoo, New Mexico, USA
AKI – Akiyoshida Safari Land, Mitou, Miya, Yamaguchi, Japan
ALS – African Lion Safari, Cambridge, Ontario, Canada
AM – Amersfoort Dierenpark, Amersfoort, Netherlands
AS – Oita African Safari, Nishinoda, Ajimu, Usa, Japan
AW – Adventure World, Shirahama, Wakayama, Japan
AZ – Audubon zoo, New Orleans, Louisiana, USA
BB – Safari Park Beekse Bergen, Hilvarenbeek, Netherlands
BCA – Sharjah Breeding Centre for Endangered Arabian Wildlife, United Arab Emirates
BEG – Belfast Zoo, Northern Ireland, United Kingdom
BOR – Boras Djurpark Zoo, Sweden
BP – Binder Park Zoo, Battle Creek, Michigan, USA
BSG – Braunschweig Zoo, Germany
BZ – Burger Zoo, Arnhem, Netherlands
BZG – Belfast Zoological Gardens, Belfast, Northern Ireland
CC – Cango Wildlife Ranch, Oudtshoorn, South Africa
CCZ – Caldwell Zoo, Tyler, Texas, USA
CIN – Cincinnati Zoological Gardens, Cincinnati, Ohio, USA
CLS – Lion Country Safari, Laguna Hills California, USA
CMZ – Cleveland Metroparks Zoo, Cleveland, Ohio, USA
COR – Cheetah Outreach, Cape Town, South Africa
COL – Columbus Zoo, Powell, Ohio, USA
CZ – Colchester Zoo, Essex, Great Britain
DAN – Daniel Cheetah Br, South Africa
DEW – De Wilt Cheetah Breeding and Research centre, South Africa
DPZ – Dickerson Park Zoo, Springfield, Missouri, USA
DV – Desmond Varaday, Middleburg, South Africa
DZI – Dublin Zoo, Ireland
DZ – Dusit Zoo, Bangkok, Thailand
EAF – Endangered Animal Foundation, Huizen, Netherlands
EBT – Ebeltoft Zoo, Denmark
ED – Edinburgh Zoo, Edinburgh, Scotland
FLS – Lion Country Safari, West Palm Beach, Florida, USA
FR – Fossil Rim Wildlife Ranch, Glen Rose, Texas, USA
FSP – Fuji Safari Park, Shizuokaa, Japan
FWP – Fota Wildlife Park, Carrigtwohill, Ireland
FWZ – Fort Worth Zoo, USA
GIL – Frank Gilbert, Cheetahs Unlimited, Phoenix, Arizona, USA
GLS – Lion Country Safari, Stockbridge, Georgia, USA
GSW – Gunma Safari World, Tomioka, Gunma, Japan
GZ – Glasgow Zoo, Glasgow, Scotland
HAN – Hanssen, Okonjima, Namibia
HAZ – Hannover Zoo, Hannover, Germany
HCP – Central Zoo, Himeji, Toyotomi, Hyogo, Japan
HG – Hans Greulich, Bad Oeynhausen, Germany

HOE – Hoedspruit Cheetah Project, Hoedspruit, South Africa
 HOW – Howlets Zoo, Great Britain
 HZ – Honolulu Zoo Hawaii, USA
 JAC – Jackson Zoo, Mississippi, USA
 JGB – Jaderberg Zoo, Germany
 JZG – Johannesburg Zoo, South Africa
 KA – Kaunas Zoo, Lithuania
 KAT – Apeldoorn, Netherlands
 KR – Krefeld Zoo, Germany
 LET – Letsatsi la Africa Wild Animal and Predator Park, Flamwood, South Africa
 LP – Lincoln Park Zoo, Chicago, Illinois, USA
 LOP – Lory Park, Gauteng, South Africa
 LOW – Bill Lowe, Beaver creek, Wisconsin, USA
 MAF – Mafunyan Game Reserve, Brits, South Africa
 MAK – Breeding Centre for Endangered Arabian Wildlife, United Arab Emirates
 MHZ – Munchener Tierpark, Germany
 MIA – Miami Metro Zoo, Florida, USA
 MON – Montpellier, Parc Zoologique Henri De Lunaret, France
 MON – Monarto Zoological Park, Australia
 MOR – Morocco Zoo, Morocco
 MOS – Moscow Zoo, Russia
 MOZ – Montgomery Zoo, USA (* Breeder number changed from MZ to MOZ as was the same as Memphis Zoo)
 MUL – Mulhouse Zoo, France
 MUN – Munster Zoo, Germany
 MZ – Memphis Zoo, USA
 MZP – Marwell Zoo, Hants, Great Britain
 NAD – Naderman, Germany
 NEU – Neuwied Zoo, Germany
 NH – Neul Hulett, Umtali, South Africa
 NZP – National Zoological Park, Washington DC, USA
 OAK – Luther, Oakhill Breeding Center, USA
 OKZ – Oklahoma City Zoo, Oklahoma, USA
 OLM – Zoologicka Zahrada Olomouc, Czech Republic
 OP – Orana Park, Christchurch, New Zealand
 OZ – Olmense Zoo, Belgium
 PAR – Savanna Ranch, Parys, SA
 PER – Perth Zoo, Australia
 PH – Phoenix Zoo, Arizona, USA
 PP – Polar Park, Sherwood Park, Alberta, Canada
 PWP - Broxbourn
 PZ – Paris Zoo, France
 PZB – Parque Zoologic De Barcelona, Spain
 QP – Queen’s Park Zoo, East London, South Africa
 RAS – Reserve Africaine De Segean, Digean, France
 ROS – Rostock Zoological Garden, Germany
 SAF – Wadi al Safa Wildlife Centre, United Arab Emirates
 SAL – Salzburg Zoo Hellburnn, Anif, Austria
 SD – San Diego Wild Animal Park, Escondido, California, USA

SDP – Safari de Peaugres, France
STL – St. Louis Zoological Park, Missouri, USA
SZG – Singapore Zoological Gardens, Singapore
TAM – Taman Safari, Indonesia
TGN – Tiergarten Nurnberg, Germany
TH – Tierpark Herberstein, Austria
TLP – Tsaobis Leopard Park, Karibib, Namibia
TLS – Lion Country Safari, Grand Prairie, Texas, USA
TOL – Toledo Zoological Garden, Toledo, Ohio, USA
TOR – Metropolitan Toronto Zoo, Ontario, Canada
TYZ – Tygerberg Zoo, Kraaifontein, South Africa
TZP – Tama Zoological Park Tokyo, Japan
VC – Zoo Kralove, Dvur Kralove, Czech Republic
VZ – Vienna Zoo, Vienna
WAS – Wassenaar Wildlife Breeding Centre, Netherlands
WEL – Wellington Zoo, Wellington, New Zealand
WH – Whipsnade Park, Zoological Park of London, Great Britain

I. INTRODUCTION TO CHEETAH CONSERVATION FUND

Founded in 1990, The Cheetah Conservation Fund's (CCF) mission is *to be an internationally recognised centre of excellence in research and education on cheetahs and their eco-systems, working with all stakeholders to achieve best practice in the conservation and management of the world's cheetahs.*"

CCF undertakes scientific research regarding cheetah and their habitat, publishing scientific papers and sharing findings internationally via conferences and the press; assists in the management of captive and free-ranging cheetah throughout the world; maintains a major public conservation awareness and education programme for local and international communities and school groups from primary through college education; conducts community conservation and predator conflict resolution programmes.

CCF's base of operations is 44 km outside Otjiwarongo, Namibia, as Namibia is home to the largest number of free-ranging cheetah with $\pm 20\%$ ($\pm 3,000$) of the world's estimated wild population of $\sim 10,000$. The cheetah's survival depends on a total integrated approach: an ecological system of farmland management, prey species management and habitat stability using practices such as alternative land management, non-lethal predator control and relocation of problem cheetahs. CCF's Namibian focus is to work with livestock farming communities in order to develop ways to reduce conflict. This is achieved by devising a conservation plan that secures habitat for the species, while still accommodating farmers' land use needs.

What makes CCF unique and different among other similar facilities focusing on species survival is its geographical location within the largest population of cheetah, and its pioneering of an integrated approach to research, conservation, and education. Subsequently, other facilities have adopted many of their groundbreaking programmes and practices. CCF combines a world-class field research facility with a specialised veterinary clinic, an education and visitor centre, and a model livestock farm. In addition, it has CCF Bush (PTY) Ltd., a business imitative that restores habitat while producing an eco-friendly fuel log.

II. ORGANISATIONAL STRUCTURE

The Cheetah Conservation Fund is an international organisation with registered not-for-profit organisations in Namibia, the United States, Canada, United Kingdom, and Japan, and with partner fundraising organisations in the Netherlands, Italy, and Germany.

CCF's International Research and Education Centre in Namibia is the primary base for all CCF's global activities. In 1991 CCF became a Namibian Voluntary Trust and in 2002 registered as a not-for-profit Namibian Section 21 Company. CCF's Namibian Board of Directors is comprised of leaders in the local community, business and agricultural sectors. Additionally, there is an International Scientific Board of Advisors that assists in planning

and advising on research projects. CCF's Executive Director, Dr. Laurie Marker, is assisted in the management and operations of CCF by a core professional staff. Short-term volunteers and students assist with daily operations and data collection.

The Centre includes: the farms Elandsvreugde, Osonanga, Boskop (Khayam's Kopje), Cheetah View, Bellebeno and Janhelpman, totalling 39,000 hectares. Bynadar, a new 7,000 ha farm was purchased in 2008. Bynadar neighbours several of CCF's existing farms and the owner was retiring from farming. CCF's Centre is located in prime cheetah habitat and a wildlife-friendly area, with neighbouring farmers who believe in conservation ethics. This ensures a large prey population, which is important for the cheetah population, and models for the farmers that they can live harmoniously with cheetah.

CCF is an active member of the Waterberg Conservancy, which buttresses up to CCF's property and encompasses over 175,000 hectares of private farmland surrounding the Waterberg Plateau Park - a national game park dedicated to rare and endangered species. The Conservancy's farmers cooperatively manage the Conservancy's wildlife for long-term sustainability, which in turn provides habitat and prey base for the cheetah.

III. RESEARCH

In 2008, CCF continued working towards achieving its research objectives and strengthened collaborative efforts. Research continued on over-all health, gastritis and reproduction studies, as well as censusing and re-introduction of cheetah.

The completion of CCF's new Applied Bioscience Conservation Genetics Laboratory was a highlight of the year as well as the re-introduction of five cheetahs into the NamibRand.

A. Population Biology

In 2008, CCF worked on 87 (45M, 42F) captive and wild cheetahs, with several of them undergoing anesthesia multiple times during the year, performing a total of 132. Of these, 55 (26M, 29F) were captive animals that underwent annual exams, 30 (17M, 13F) were wild caught and released, 2 (2F) necropsies performed, and 9 (7M, 2F) were wild caught or confiscated and remain in captivity due to age when orphaned or health issues.

At the end of December 2007 – CCF was holding 46 (17M, 29F) cheetahs at its Centre. By the end of December 2008, this number has increased to 52 (22M.30F) of which 4 (2M.2F) cheetahs are scheduled for release in early January leaving 48 (20M, 28F) resident cheetahs at CCF. Fourteen (4M.10F) of CCF's orphan, non-releasable cheetahs are slated to be exported to the United States pending Namibian export permit, US import permit has been issued.

In 2008, CCF placed seven cheetahs in two facilities: five males to Amani Lodge (AJU 1442, 1443, 1461, 1462, and 1463) which will be potentially be a part of our re-introduction efforts. The other two females have been placed at NamibRand.

B. Health, Reproduction and Genetics

Annual Physicals of CCF's Captive Cheetahs

In end February/early March, CCF conducted annual physicals exams on their 47 resident cheetahs. Dr. Carlos Sanchez, Associate Veterinarian from the Smithsonian Institution's National Zoo, and reproductive physiologist Dr. Adrienne Crosier, worked together with Otjiwarongo veterinarian Dr. Axel Hartman and CCF staff and volunteers for two weeks to anesthetise each cat and give vaccinations, overall physical health check-ups which includes endoscopic exams, ultrasound, and x-rays. In addition, sperm was collected on most all male cheetahs for on-going studies on the preservation and thawing of cheetah sperm

Internationally, cheetahs suffer from gastritis, an inflammation of the stomach that is caused by spiral bacteria and impacts negatively on the animals' health. Stress is implicated as one of the possible causes of this disease. The long-term research into the causes, levels and effects of gastritis in cheetah, undertaken in collaboration with Drs. Linda Munson and Karen Terio (University of California, Davis), and Dr. Scott Citino from the White Oak Conservation Center All CCF's animals were endoscoped to monitor presence or absence of gastritis. CCF's cheetahs are very healthy and provide a baseline.

Jorgensen Laboratories, in the US, donated the use of a second endoscope along with the light source and monitor for the three weeks which was extremely helpful in performing all the gastric endoscopies and biopsies, as four to five cheetahs per day were worked on. Each cheetah takes about one and a half hours on the table, but there is preparation and setup as well as cleanup after each cat. In addition, someone monitors each cat's wake-up process. Most all CCF cheetahs were given great bills of health; however, two of the orphan cheetahs confiscated last year by MET with CCF help, and found in appalling poor nutritional condition living in a garage with its siblings, this year was diagnosed with a heart murmur, and a couple of leg bones had not developed properly.

Chest and abdominal radiographs were taken from the 15 the cheetahs possibly to be imported into the USA along an in-house snap test for FIV/FeLV and faecal samples collected faecal corona virus PCR testing in the USA.

Radiographs from limbs and pelvis were obtained on the six cheetahs with a history of juvenile rickets. Skull radiographs were taken on 26 of CCF's cheetahs for a CCF project, and CCF staff was trained by National Zoo animal health keeper Leigh Pitsko, on the operation of the x-ray machine. In addition, 24 cheetah skulls were radiographed (3 views for each skull) by CCF staff.

Pfizer Drugs and Ft. Dodge Laboratories donate anaesthesia and other drugs and vaccines needed for the annual workups. In addition, Air Liquide donated a new liquid nitrogen tank to store all our valuable samples.

During this year's exams, CCF and SI teamed together to train two veterinarians from the Kenya Wildlife Service (KWS), along with CCF Kenya Program Director, Mary Wykstra, to prepare them for more field work on cheetahs. In addition a third Kenyan veterinarian was trained later in the year at CCF. They were trained in hands-on anaesthesia protocols, anaesthesia monitoring and emergency procedures. This was supported by a grant from the Howard G. Buffett Foundation.

Along with the endoscopies, fourteen days of faecal samples are collected on each of CCF's cheetahs and processed and shipped to the US to evaluate Cortisol levels. This year, due to the extreme rains of the season, faecal samples were collected in June and July.

Genome Resource Bank

Since 2002, a total of 286 semen collections have been added to the CCF Genome Resource Bank (GRB) from 85 individual cheetahs. Twenty-seven cheetahs were banked in 2008, four wild cheetahs and additional samples from 22 of CCF's resident cheetahs.

CCF continues to bank serum, white and red blood cells and skin samples on all cheetahs. Currently the GRB holds over 1600 samples, with back up samples held at both CCF as well as at the National Cancer Institute in Maryland, USA.

Genetic Lab

In May, post-doc Dr. Anne Schmidt-Küntzel from Dr. Steve O'Brien's genetics laboratory at the National Cancer Institute in the United States arrived to set up the new **Applied Bioscience Conservation Genetics Laboratory**. The lab which has been set up to process scat (faecal) samples for DNA extraction and analysis is now functioning, thanks to CCF's Dr. Bruce Brewer, who coordinated the construction, and Dr. Mike Helms, who helped with logistics and communications in the US. The project has been funded by the Ohrstrom Foundation and Applied Biosystems who donated PCR machines, a Sequence Analyzer, and reagents. In addition, other donations of valuable equipment were acquired from private individuals and the surplus department of the National Institutes of Health including centrifuges, pipettes, electrophoresis systems and a camera system for the visualization of DNA, spectrophotometer, scales, glassware, and other lab ware. The lab also includes a UV work station that allows for a clean work area for delicate samples with degraded DNA such as scat samples and a separate room will be added to ensure that no contamination occurs. At the end of August, an ABI technician set up the genetic analyser, and another technician came to provide training to CCF staff.

The research will be based on previous work done at Dr. O'Brien's laboratory and the Cheetah Conservation Fund using genetic markers. The laboratory at CCF will allow us to

process samples locally and allowing Namibian students to be exposed to genetic research and conservation at CCF. The planned project will include cheetah identification based on scat samples to estimate animal density. Systematic sample collections will be facilitated by a scat-sniffing-dog named Finn who has been trained by Chris Bartos from the Philadelphia Zoo. Finn joined CCF in early 2009. For this project any cheetah sample encountered in the wild is collected and its date and location are recorded. With the use of Finn, we will be able to increase the sample size by including non-invasive scat samples.

In addition, CCF is collaborating with Dr. Eduardo Eizirik's laboratory in Brazil on targeting all carnivore scat to identify the carnivore species that are present in the area. Genetic analysis of the scat using mitochondria markers will be used. In November/December, CCF's Ezekiel Fabiano, and Dr. Anne Schmidt-Kunzel spent several weeks in Eduardo's laboratory in order to do preliminary collaborative work.

C. Large Carnivore Research and Ecology

Cheetah Census

Range-wide population estimates for cheetahs are critical for their conservation, but they are particularly difficult to study since cheetahs are highly secretive with widespread home ranges. CCF continues its census research using non-invasive photographic captures via camera traps. In addition, CCF placed GSM collars on several cheetahs in the Waterberg Conservancy area.

CCF's objective is to replicate camera trap surveys for establishing the technique reliability and to conduct surveys in other parts of the country to acquire further knowledge of the species abundance in the country. Two studies were conducted in 2008, one around CCF's Centre and the Waterberg Conservancy and the other in the Sandveld conservancy, 200km south.

Based on the previous studies conducted within the Waterberg Conservancy area one peer review paper has been submitted by the end of the year, another paper is in preparation, and a third paper was published in the IUCN's Cat News.

Camera Trap Research

During the first half of 2008, a three-month camera-trapping survey was conducted within the Sandveld Conservancy, on the farm of Ralf Ritter. A total of 3890 pictures were taken, of which 19% (n=207) were cheetahs, allowing for the identification of six different cheetahs. The model estimated a density of 2.4 cheetahs per 1000km² (± 0.0003). This was a lower estimate than CCF reported in their 1st camera trapping analysis within the Waterberg Conservancy (4.2/1000km²), but similar to what radio-telemetry studies showed in their earlier research.

As part of CCF's on-going census evaluation project, CCF completed a second three-month winter (June – August) camera trap session at its research site around the Waterberg

Conservancy. Pictures are currently being catalogued which will be followed by individual recognition process and will be completed in early 2009. CCF is targeting to repeat camera trap surveys at least once more over the winter and twice over summer season.

The first camera trapping paper addressing both cheetah abundance and density was published in the IUCN Cat News and a more comprehensive paper is being finalized and will be submitted to the Journal of Animal Conservation in early 2009.

Cheetah Spatial Use - GSM and Satellite collars

Beginning in 2007, CCF collared several cheetahs in its core research area with GSM (cell phone) radio-collars. These collars have not been as successful as hoped, as the mobile phone technology used has not been good enough to download the data from the collars in the coverage area provided in Namibia. Consequently, data could not be retrieved on a regular basis.

Four male cheetahs were initially collared in 2007, two of which died (one shot by a farmer, and the second one gored by a warthog). These two collars were then placed on two new individuals. In the early months of 2008, CCF set trap cages at known play trees to try to catch the cheetahs wearing the collars in order to replace the batteries. One of the cheetahs was re-caught in May. Unfortunately, the second collar led us to a dead cheetah. Data analysis from the collar showed that this cheetah had died on 26th December 2007. All but one of the collars have been retrieved. Future research will be carried out with different models of radio-collar.

Proximity GIS analysis was performed in order to determine the intensity of activity around play trees and play mounds within the CCF camera trap study area using buffer extension tools. Figure 1 shows the CCF camera trap study area and where camera traps were in relationship to where GSM collared cheetahs, Hercules and Bob, were reports using 3 categories, i.e. high (core), medium and low point density. A custom Arc toolbox model for extracting core cheetah habitat from a cluster of GPS fixes (Figure 1). Table 1 shows results obtained regarding the activity of two GSM collared male cheetahs within the CCF camera trap study area. Both individuals have shown a cumulatively high activity pattern of 65.54% (Hercules 1533) and 89.51 % (Bob 1459) within a radius of 3km.

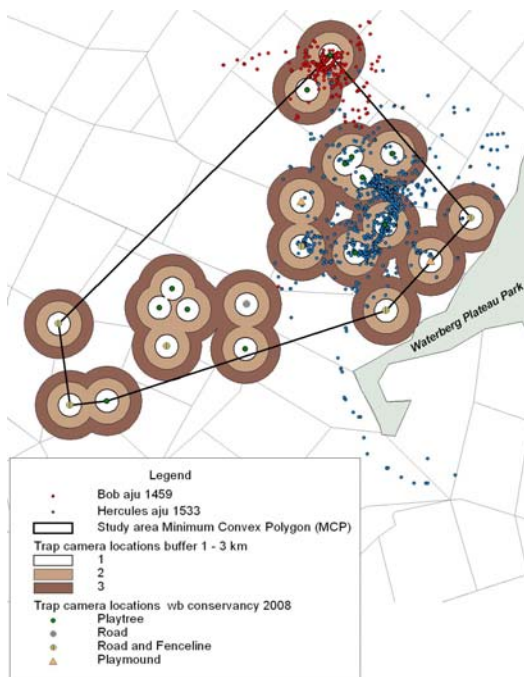

Figure 1. Core cheetah habitat from two of CCF’s GSM collared cheetahs using a custom Arch toolbox model. Core cheetah habitat was extracted from a cluster of GPS fixes and was created using 3 categories, i.e. high (core), medium and low point density.

Table 1. Intensity of activity around known camera trap stations within the CCF camera trap study area.

Distance buffer in kilometers (km)	# Fixes Hercules 1533	Frequency %	Cumulative Frequency %	#Fixes Bob 1459	Frequency %	Cumulative Frequency %
1	438	24.75	24.75	152	29.51	29.51
2	674	38.08	62.82	233	45.24	74.76
3	48	2.71	65.54	76	14.76	89.51
>3	610	34.46	100.00	54	10.49	100.00
Total fixes	1770			515		

In May, two wild male cheetahs began frequenting the female holding pens near CCF’s main Research Centre and moved in the area around CCF’s staff quarters and kitchen. They were trapped, collected and released with a VHS collar in order to track their movements in the area. They are seen regularly.

A female cheetah with two cubs was released with a satellite collar south of Otjiwarongo with the assistance of the farmer who caught her on the farm where caught and is being followed via computer mapping regularly. Her movements are shared regularly with the farmer who caught her.

Satellite collars have been used on the cheetahs released at NamibRand as well. Two of the five male cheetahs have satellite collars and the other three males have VHF collars. The use of the satellite collars is extremely important for this re-introduction in order to find the cats in the mountain areas daily. However, the VHF collars are easier to hear and can be tracked by ground much better.

Global Information Systems (GIS)

In December, CCF was given a grant by ESRI send Senior Research Assistant, Matti Nghikembua, to attend more GIS training in ArchGIS Desktop II. CCF uses GIS in order to understand the spatial organisation, movement, behaviour and density of free ranging cheetah on Namibian commercial farmlands and to estimate densities at a large scale due to variations in climate, landscape, habitat, land use, and management regimes. GIS will be used to identify strategic census areas incorporating habitat variations in conjunction with the CCF bush project where restoration of encroached sites are being modelled according to cheetah habitat suitability.

Re-introduction Research

In July, after a year of planning, CCF re-introduced five of its cheetahs in the NamibRand Nature Reserve in the south west of Namibia boarding the Namib-Naukluft Park. CCF and Namib Rand have worked closely with the Ministry of Environment and Tourism to plan this release. Five male cheetahs (AJU 1326, 1327, 1347, 1350, and 1353) that were held at Amani Lodge were taken to NamibRand in July and released in August. All five cheetahs were radio-collared, three with a VHF collars and two with Satellite collars.

CCF has conducted research on re-introductions and this is their third project. There is not a lot of suitable habitat due to the extent of land under livestock production and habituated cheetahs need large uninhabited areas. NamibRand is ideally suited for this long-term re-introduction project. It is recognized that re-introductions are not simple. It's very important to closely monitor the behaviours of the individual cats to ensure their health and adaptation to their new environment.

This was the first time a structured re-introduction was attempted in a non-fenced reserve. The cheetahs stayed in the group of five the entire time of this first phase of the release which was conducted until the 22nd of August 2008. The males explored the area, covering huge distances daily, and after three weeks had caught one kudu. However, they travelled over the mountain range and onto a livestock farm where they killed two rams, so they were re-captured. The farmer was compensated.

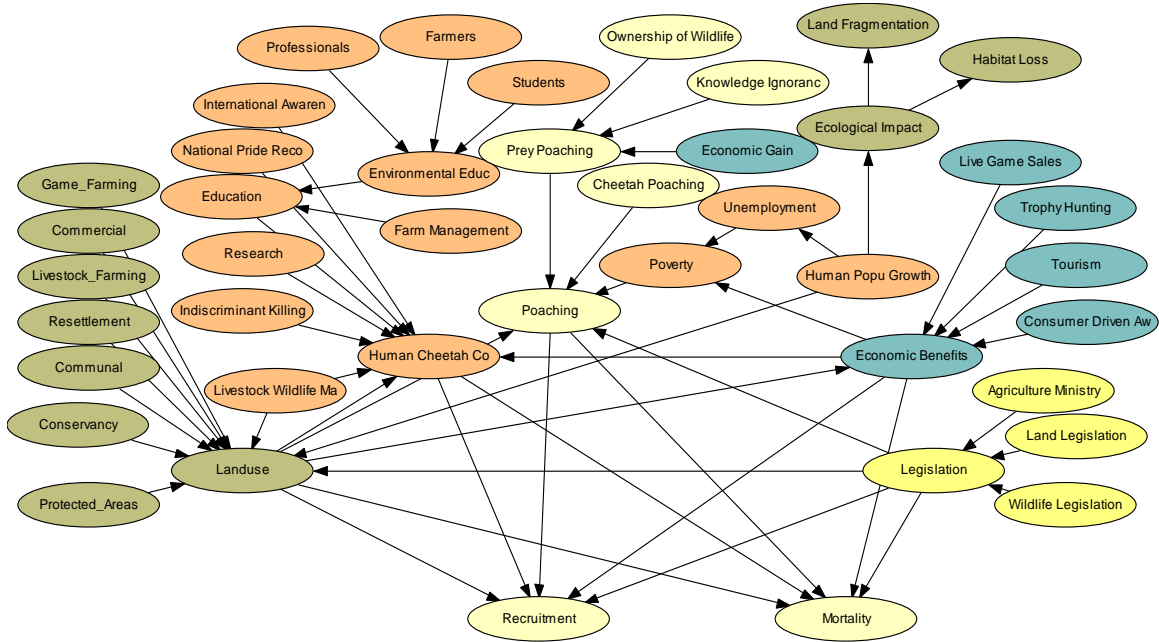

A second release of the five male cheetahs was conducted on the 5th of December. However, in hope that it may encourage the males to stay more on the plains, and the central area of the reserve, two female cheetahs from CCF were taken to the NamibRand and placed in the 50 ha holding camp after the release of the males.

At the same time, re-introduction research will continue at the CCF research centre's Bellebenno 4,000ha game camp with potential candidates for re-introduction. Habituated cheetahs of an appropriate age will be radio-collared and tracked fulltime within this game camp. We envision that this game camp will serve as a half-way stage so as cheetahs will learn how to hunt prior to re-introduction into the wild at the Namib Rand or other suitable areas.

Bayesian Statistics Workshop

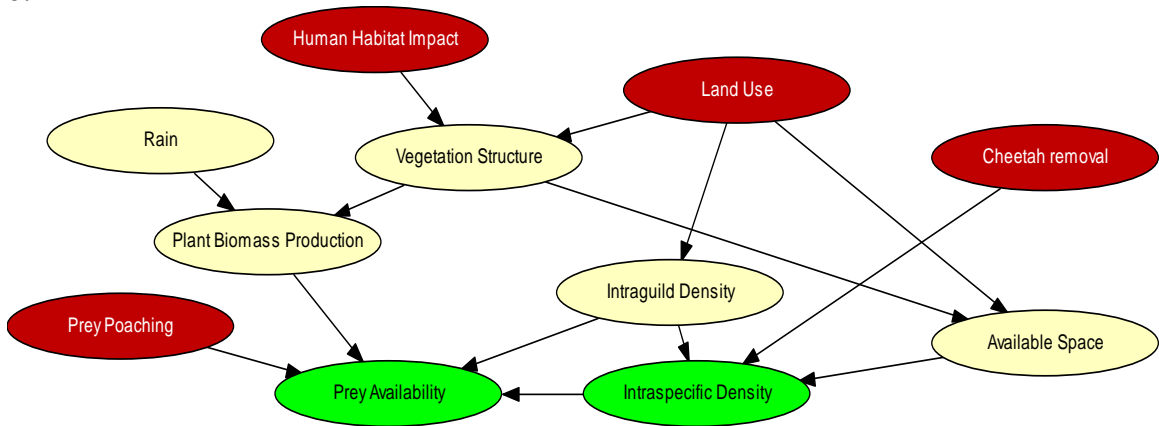

In early June, CCF hosted a Bayesian Modelling workshop for cheetah researchers in Namibia to use the present knowledge to predict cheetah survival for the future. Members of CCF staff, the Ministry of Environment and Tourism (Josephine Henghali) and two biologists from the Zoological Institute of Berlin (Jorg Melzheimer and Dr. Betina Wachter), joined in the three day Bayesian Statistics Modelling workshop conducted by Prof. Kerrie Mengersen and Doctoral candidate Sandra Johnson from the School of Mathematical Sciences, Queensland University of Technology.

The Bayesian workshop aim was to introduce participants to the use of Hugin (software) used for assisting with decision making to develop a model that best defined the factors that influence the cheetah population growth and decline in Namibia. Figure 2 shows the interactions that the group defined that are responsible for cheetah survival in Namibia. The model developed at this workshop will be the basis for a Namibian National Cheetah Planning workshop in 2009 and a joint publication.

c.

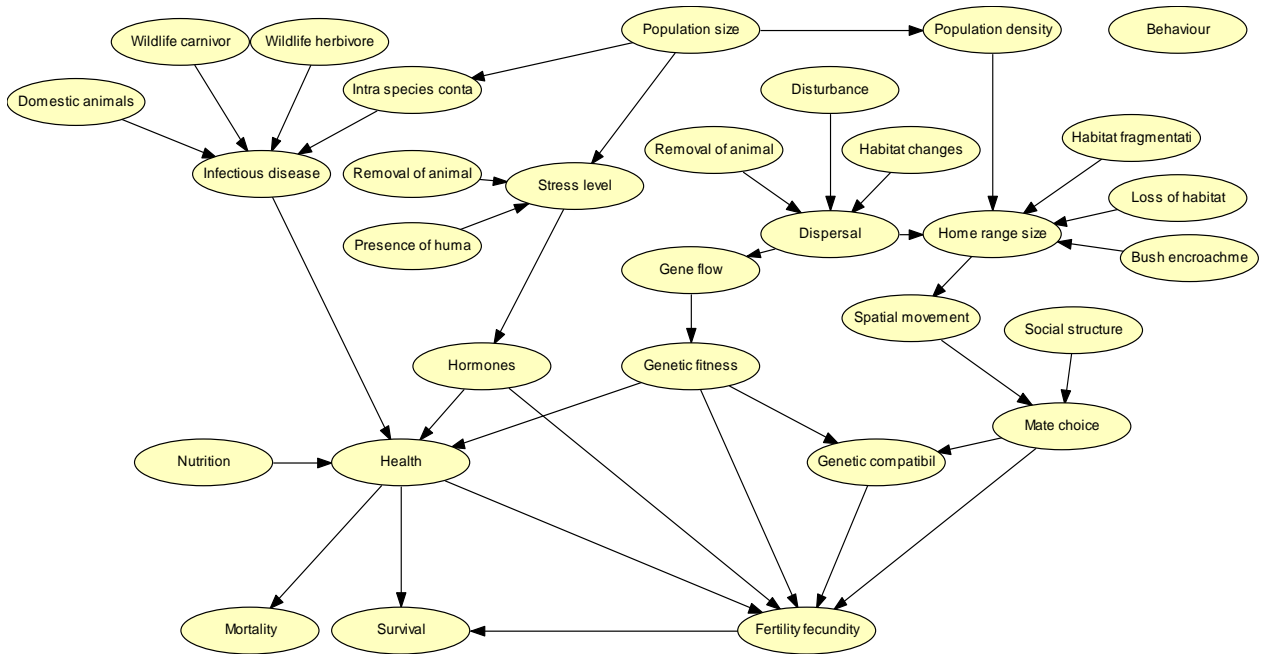

Figure 2 a, b, c. Major networks developed for estimating cheetah survival using program Hugin. a. shows the social, b. ecological and c. genetic sub-networks developed.

D. Ecosystem Research Ecosystem Research

CCF had good rains this year, averaging 445mm over the season and all dams had good levels of water by the end of the year. This is a difference over last year, when all dams were dry and CCF was in an extreme water shortage.

Game Monitoring and Prey Habitat Preferences

CCF's long-term wildlife monitoring programme continues. The research conducted on CCF farms is designed to understand patterns and trends of game density, movements, demographics and habitat utilisation.

Earthwatch volunteers, students and staff assist with this on-going monthly and annual research. The monthly monitoring involves visual road counts, tracking and counting spoor, categorizing vegetations, densities, and distributions. This information is correlated with data collected on rainfall and temperature.

Waterberg Conservancy Waterhole count and CCF Strip Counts

For the past 14 years, CCF and the Waterberg Conservancy have conducted waterhole counts on an annual basis. These counts are a pre-requisite for conservancy registration with the Ministry of Environment and Tourism and a part of management plans for the Conservancy Association of Namibia (CANAM).

The first weekend of August brought together more than 80 volunteers to conduct the Waterberg Conservancy 14th Annual Waterhole Count during the new moon and lasted 12 hours. Volunteers were stationed at 25 waterholes (spread over 7 farms: 34,472 ha). CCF continues to be responsible for conducting volunteer orientation, preparing record sheets and identification guides, and for transporting volunteers. Assisting with the count for the third year were Earth Expedition teachers from Miami University, along with Earthwatch and Peace Corps volunteers, as well as CCF's Namibian and international interns.

Figure 3 shows the annual densities based on the waterhole counts conducted during the past 14 years. Densities and rainfall have fluctuated over time with populations showing an increase after one or two years of good rains. It can be observed that all species appear to have increased since the 2006 raining season. Overall average density for the five species in 2007 ($21.13 \pm 10.53/100\text{km}^2$) were slightly lower than those for 2008 ($25.05 \pm 15.60/100\text{km}^2$).

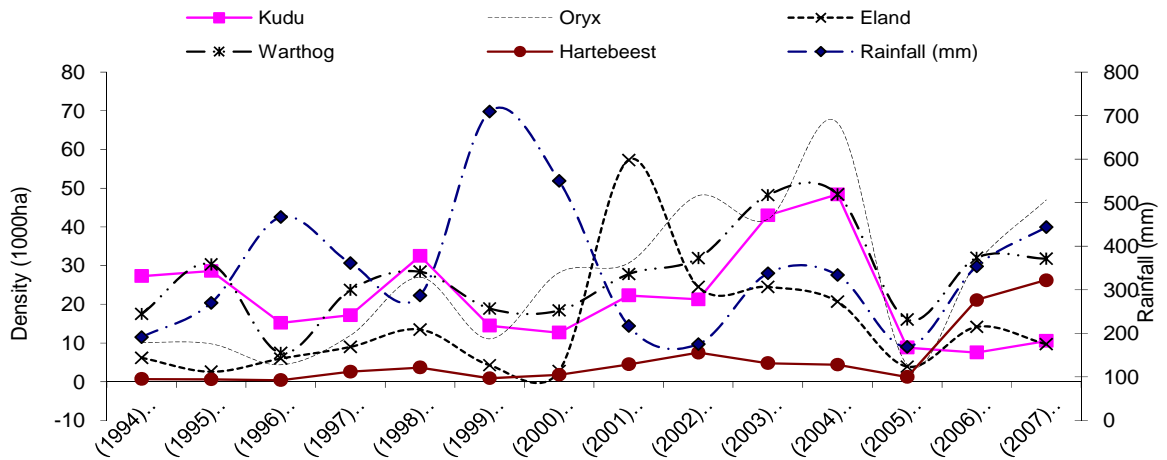

Figure 3. Historical game density analysis (1994-2008) from the Waterberg Conservancy full moon waterhole counts.

CCF Big Field Strip Counts

CCF’s Big Field, know also the “Little Serengeti,” is an old cultivated land of 1492ha. The field, one of the largest open areas in north central Namibia and attracts a high number of free-ranging game. This area provides an ideal case study to monitor ecological successional trends. Apart from being a high prey density area for cheetahs and leopards, this area has huge potential for ecotourism, and has been conducting monthly counts since 2004. Overall, the density of common wildlife on the Big Field showed a slight increase by 7.15% as from 2007 – 2008 periods. Figure 4 shows the average numbers of common animals seen on the field monthly.

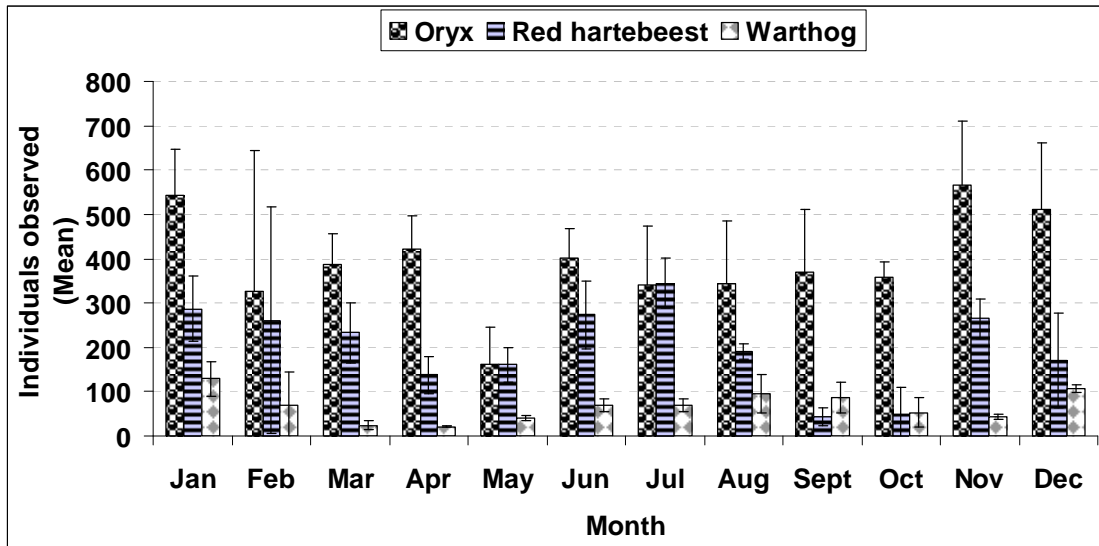

Figure 4. Average number of common wildlife species found on the CCF big field during 2008 monthly counts with standard deviation.

Bellebenno 12-hour Waterhole Counts

To assist in developing a management plan for the 3,000-ha game-fenced Bellebenno camp, CCF began conducting monthly 12-hour waterhole counts assisted by Earthwatch and other CCF volunteers. Figure 5 shows the numbers of animals counted monthly during the waterhole counts.

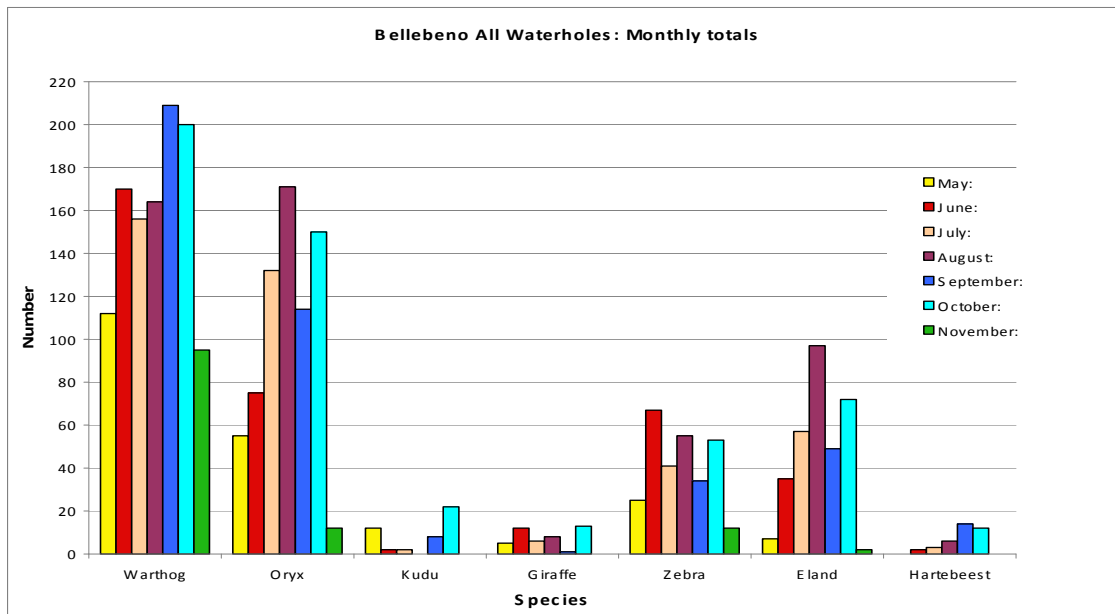

Figure 5: Monthly totals for the main species counted at all four waterholes in Bellebenno, from May to November 2008.

Bush Encroachment Biodiversity

Research continued around CCF's bush project. Since bush encroachment is considered a major problem in Namibia, it also has potential as a renewable resource as an alternative energy, especially in rural areas with Namibia facing electricity shortages in the near future.

In 2008, CCF research assistant, Matti Nghikembua completed his Master's degree on a study entitled, 'Quantifying farmers' perceptions and willingness; as well as availability of encroaching aboveground *Acacia* bush biomass on CCF commercial farmlands in north central Namibia'. The study investigated key social and environmental aspects related to aboveground bush biomass on Namibian north-central commercial farmlands - and highlights on the identified requirements for effective bush thinning operations. The crux of this issue is restoring the savannah to its natural productivity without significant negative effects to the environment.

For the second year during February and March, CCF hosted 10 students from the University of Florida, USA, enrolled in an accredited field course. The students, under the leadership of Aletris Neils completed research projects that included assessing the biodiversity of reptiles and birds in two of CCF's harvested areas using the thick bush as a control.

IV. CONSERVATION

Livestock loss to cheetahs is an economic and emotional issue. Farmers perceive cheetahs as having an excessive economic impact on their livestock and wild game industries. Many Namibian farmers have done little to alleviate their problems in a non-lethal manner through appropriate livestock and predator management. By addressing the farmer-predator conflict through a conservation management strategy that benefits both humans and cheetahs, CCF is ensuring the species' survival on Namibian farms and has raised greater awareness of better farm practices.

A. Livestock Guarding Dog Programme

The Livestock Guarding Dog Program at CCF is considered one of the most successful conservation projects in regards to human / predator challenges. As of December 2008 there were 151 (84M.69F) dogs alive in the program. Of those, 121 (66M and 52 F) are working dogs and 31 (14M.16F) are retired or pets. Of the working dogs, 75 (38M.35F) are on commercial farms, 28 (18M.10F) on emerging commercial farms, and 17 (9M.7F) on communal farms.

A highlight of the programme at the end of this year was the placement of one male puppy in the Mara Conservancy in Kenya under the direction of Dr. Asuka Takita. This puppy will live amongst the local Masai and guard their livestock. Dr. Takita, a Kenyan veterinarian, spent two weeks at CCF, learning about how CCF's livestock guarding dog programme works. She was also a part of CCF's international training courses and learned about farmer training courses and cheetah handling and anaesthesia. The puppy, from Penda's September litter, was taken to Kenya by Liz Lester in November. She and the puppy, called Iseyia, received a very warm reception upon arrival and the puppy has settled in well.

New Breeding Dogs

CCF received two new breeding dogs early in 2008, thanks to the SPOTS Foundation in Holland and two generous Turkish Kangal breeders. Spots (SB413) will be a new breeding male and Cazgir (SB414) a new breeding female. These new bloodlines will help the programme grow. CCF thanks Air Namibia and the Amersfoort Zoo for their support with transport costs. Both of these dogs are already over 30 kg, and although they are still in training throughout this first year, they are proving to be excellent prospects for the future.

Breeding and Puppy Placements

In 2008, CCF successfully bred and placed 42 Anatolian and Mongretolian ($\frac{3}{4}$ Anatolian $\frac{1}{4}$ mongrel) puppies. Another pup, "Isha," has been placed at the CCF director's house as a pet and left intact for future breeding. She is also being trained to detect cheetah scat.

Farmer and Dog Training programme

In 2008, efforts continued to educate Namibia farmers about the health and training of these dogs. For the second year, farmers receiving puppies were requested to attend a day-long course at CCF's research centre to learn about proper nutrition, medical needs and training methods. Puppies were then adopted out at the end of the day and farmers were given a free starter bag of dog food, which was generously donated by the dog food company, NOLA. Puppy check-ups remained a priority for the year. Each dog is visited after its adoption, at 3 months, and again at 6 months. Thereafter, the dogs are checked annually. While on these dog visits, the Livestock Guarding Dog staff provide vaccinations, deworming tablets, veterinary supplies for minor injuries, topical anti-parasitic agents, and dog food for purchase. Bringing these items along helps insure that the dog's health is a priority, even if the owners are not as responsible as hoped. Follow-up calls to farmers are made throughout the year.

Losses of CCF's Special Guarding Dogs

Two of CCF's oldest Livestock Guarding Dogs died in 2008. SB# 41, Zanta, one of the matriarchs of CCF's breeding programme, was humanely euthanised after having a debilitating spinal cord injury from a slipped lumbar vertebral disk. Zanta was thirteen years old and had given birth to over 50 offspring. She was retired a couple years ago and was moved to Boskop after she developed arthritis of the elbow joint. In November, Zanta's sister Koya --CCF cheetah ambassador, Chewbaaka's constant companion, was also euthanized due to age related weakness in her legs and spinal cord. Koya had only one litter of pups all which were great guarding dogs. These two special dogs will be remembered forever.

On-going Research on SCC

Research and treatment continues on several dogs that have been diagnosed with Squamous Cell Carcinoma (SSC) on the tongue. Liz Lester, CCF's Livestock Guarding Dog manager with the support of Dr. Axel Hartman from the Otjiwarongo Veterinary Clinic, conducted an investigation into an economically viable, effective treatment under field conditions to prolong the working lifespan of dogs affected by the disease was undertaken. Early results from 10 confirmed SSC cases have shown that repeated intra-lesional injections of a combination of 5-fluoro-uracil and methyl-prednisolone have slowed or halted the disease progression and in two cases, oral administration of piroxicam as adjuvant therapy to the chemotherapy was used. A paper was presented at the 2008 Veterinarian Association of Namibia Congress.

B. CCF Farm and Livestock Model

CCF's farm provides the opportunity to practice and experiment with the optimum methods of livestock and non-lethal farm management practices, especially acting as a showcase model of success. CCF's cattle, goats and sheep continue to increase. Under the direction of Johan Britz, CCF farms manager and cattle supervisor, Bessie Simons, CCF actively manages a large cattle herd. At the end of 2008, CCF had 406 cattle. A small herd of cattle is also kept for use with CCF's farmer's livestock training courses.

CCF also maintains a goat and sheep herd as an essential part of the livestock guarding dog programme. Raising puppies amongst small stock is the main objective. Herd management is implemented by CCF's herder Armas, supported by CCF's animal care staff and farm management. In addition, the goat and sheep herd were used several times during the year for demonstrations during various farmer training programmes.

At the end of 2008, CCF's small stock is in an excellent condition due to early rains and the good conditions of the veld/pastures. CCF staff is waiting in anticipation for the lambing season to commence in mid-January 2009. At the end of 2008, CCF's Boer goat herd and Damara sheep flock had 85 and 63 head, respectfully.

Donkey and Horses

CCF pastures donkeys and horses for feeding resident captive cheetahs. Approximately 370 animals were slaughtered in 2008 (about 30 animals per month) to feed resident cheetah. Most of these animals are purchased by CCF from the Okakarara area in the Eastern Communal area, and are animals in very poor condition or are old. Therefore, by buying them, CCF provides a humane service while providing income to this poor community.

Hay Production

CCF hayed approximately $\frac{1}{4}$ of its big field and received hay for the year for its livestock, in addition to about \$5,000 in revenue.

C. Global Management Planning/Policy Involvement

CCF assists in international programme development and adapts model programmes developed in Namibia for use in other countries, distributing its materials and information throughout Africa and the rest of the world.

International Meetings

International Endangered Large Carnivore Seminar - Cameroon

Dr. Marker presented a paper on global cheetah populations with particular reference to West and Central Africa at an international endangered large carnivore seminar in Maroua, Cameroon. The conference, hosted by CEDC, WWF and University of Leiden (Netherlands), was attended by biologists from West African countries where small cheetah populations are still found, including Benin, Burkina Faso, and Niger - which shared a population in the W Park.

9th Sahelo-Saharan Interest Group (SSIG) Meeting – Abu Dhabi, UAE

CCF was not able to attend this conference, however, did have a paper presented entitled. Unifying Regional Approached for Savings Cheetahs. This resulted in SSIG sending a cheetah conservationist from Niger to one of CCF's International Conservation Courses in August.

Large Carnivore Conference hosted by the Zoo Dvur Kralove – Czech Republic

Dr. Marker was one of three international carnivore specialists who presented lectures on their work at a Large Carnivore Conference hosted by the Dvur Kralove Zoo in the Czech Republic. This Zoo has had success over the years in breeding cheetahs in captivity. Thirty people from throughout Europe and the UK attended the workshop

2008 Pathways to Success Conference – Colorado, USA

Dr. Marker lectured at the Human Dimensions in Wildlife Management - 2008 Pathways to Success Conference held at Colorado State University in Estes Park, Colorado, where she also moderated a session on Human-Wildlife Conflict with over 400 global specialists attending the conference.

International Cheetah Studbook

The 2006 International Cheetah Studbook was published and will be mailed to participating institutions and is also, together with studbooks from previous year, available on CCF's web site. The analysis of the 2007 studbook is complete and awaiting final edits. It will be published in January 2009. Table 2 shows the change in the international captive cheetah population between 2006 and 2007. There are a few more captive cheetahs in 2007 with a

slightly higher number of births, however, still a small number of litters leaving the captive population quite vulnerable. Dr. Marker did meet with the US and the European Cheetah Species Survival Plan (SSP)/ Endangered Species Plan (EEP) coordinators, Jack Grisham and Dr. Jacques Kaandorp to discuss a global plan to improve the management of the captive population for long-term survival.

Table 2. Change of international captive cheetah population from 2006 to 2007

<i>Category</i>	<i>2006</i>	<i>2007</i>
Captive Population	1395 (717.669.9)	1414 (730.679.5)
Facilities/Countries	255/51	254/48
Births/Litters	70(36.28.6)/22	95(52.40.3)/30
Deaths	89(37.46.6)	88(45.40.3)

Association and Conservancy Relationships

Greater Waterberg Complex and the Waterberg Conservancy

The Greater Waterberg Complex idea is advancing with several meetings taking place during the year. A logo has been designed and a draft constitution drawn up. Over 300 head of wildlife has been re-introduced into one of the Eastern Conservancies and CCF has been asked to assist with the monitoring of the game as well as hosting a workshop on game monitoring at CCF' Centre in 2009.

The Waterberg Conservancy held its annual meeting. CCF's Dr. Bruce Brewer was again elected Treasurer. The Conservancies main activities for the year were the 14th annual waterhole count and the development efforts around the Greater Waterberg complex.

Conservancy Association of Namibia (CANAM)

For the 5th year, Dr. Laurie Marker was voted as the CANAM Chairwoman. During the year, she attended ~8 meetings and helped plan the General Annual meeting in April. In addition, CCF's farm's manager, Johan Britz also serves on CANAM's Executive Committee for the conservancy he is a part of.

This year CANAM's EXCO worked within several small subcommittees and produced five e-letters, and two mail-out newsletters for members. The Executive Committee focused on several main themes through the year including. CCF's main focus was on the development of a CANAM Commercial Conservancy publication, advocacy with the Ministry of Environment (MET) toward recognition of free-hold conservancies, and the continued cooperation between communal and commercial conservancies.

Dr. Marker was invited to make a presentation at the quarterly NACSO meeting and was invited to participate in the National Resource Management meeting, thus receiving the use of the computer program used by all the communal conservancies and the government. CANAM and CCF were also a part of a meeting with WWF, the Namibian Nature

Foundation, and NASCO lead by the WWF Great Plains group from Montana, USA, the Prairie Foundation, and the Grasslands Foundation, the group visited many areas in Namibia. They spent two day within the Waterberg Conservancy and a full day at CCF.

Leadership for Conservation in Africa

As one of the in-country hosts of the Leadership for Conservation in Africa (LCA) organization, Dr. Marker assisted in planning a workshop of 60 conservation authorities and business leaders from 26 countries throughout Africa. After a presidential breakfast meeting of over 200 business leaders and members of Namibian parliament to welcome this esteem delegation, Dr. Marker travelled with them as an advisor to the group to Etosha National Park where the conference was held. The group ended their Namibian travels at CCF where the staff hosted a day presenting CCF's programmes. Many of the delegation members were from cheetah range countries and discussions on cheetahs in their countries have been started.

D. Sustainable Economic Programmes Supporting Local Communities & Cheetah Conservation Fund

Humans must co-exist with cheetah if the world's fastest cat is to survive in the wild. The following progress has been made on CCF's activities that assure the economic well being of people living within the cheetah's range and provide resources to support CCF's long-term activity.

Economic Impact Survey

In the process of raising funds, constructing facilities, operating its programs, employing staff, hosting visitors and volunteers, and conducting its various other activities, CCF has an economic impact on its surrounding area and on the national economy of Namibia.

CCF asked economists at the Bureau of Business Research at the University of Nebraska-Lincoln to prepare an assessment of the economic impact of CCF's operations. The University of Nebraska-Lincoln is a public, land-grant research university in the United States; it has a faculty of some 1200 researchers. The University of Nebraska-Lincoln (UNL) study team collected data on CCF's direct expenditures; it assisted CCF in conducting a survey between June and December, 2008, of visitors and volunteers to CCF; and it collected various other information needed for the study.

The study measured the economic impact of CCF due both to on-site spending that supports research, conservation, and education and to off-site spending throughout Namibia by visitors and volunteers coming to CCF. This spending created an economic impact because much of the spending is supported by international funds attracted to Namibia by CCF. CCF receives a substantial share of its funding from the United States and Europe, and it mainly attracts its visitors and volunteers from these countries as well, as can be seen in Figure 6.

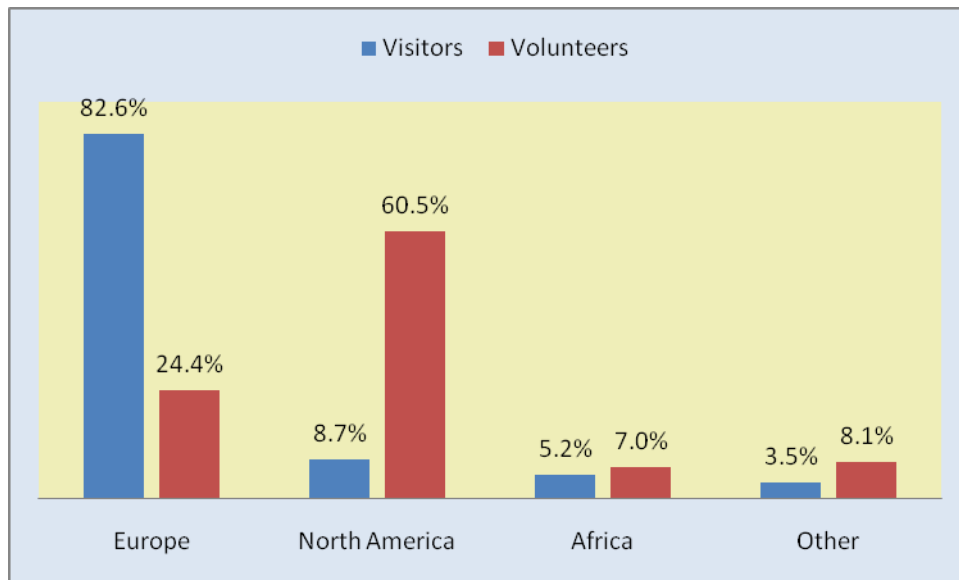

Figure 6. Origin of Visitors and Volunteers/CCF Survey

Principal findings of this study are shown in Figure 7 and include the major finds:

- The overall economic impact of CCF on Namibia in 2007 was N\$29.1 million overall. This figure includes the impact from CCF and visitors spending and does not capture impacts from improved conservation and land management. There are 166 jobs associated with this impact.
- The largest portion of this impact from spending is due to the operations of CCF itself in terms of research, conservation, education and agriculture. This result reflects the key role that research and conservation and education can play in generating an economic impact for Namibia.

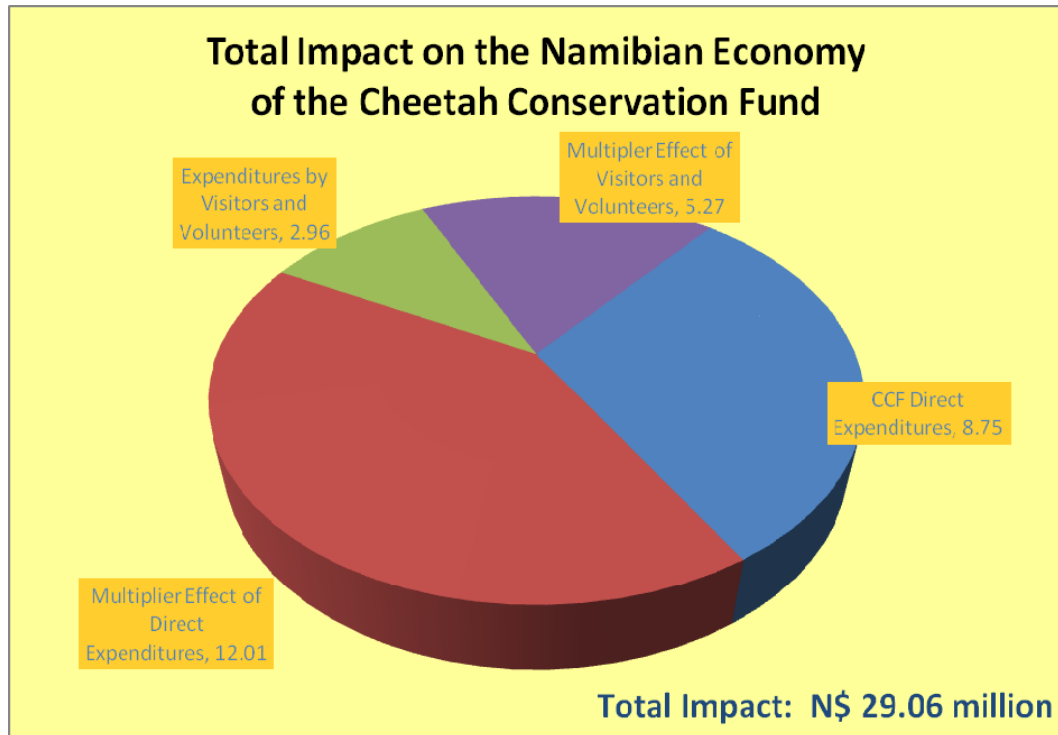

Figure 7. The Total Impact of the Cheetah Conservation Fund on the Namibian Economy in 2007.

Bushblok

CCF’s Forest Stewardship Council (FSC) certificate renewal inspection took place and was received in March. In November, the triennial meeting of the FSC, held in Cape Town, was attended Dr. Bruce Brewer who networked with attendees and learned more about the global operations of the FSC.

CCF Bush Pty Ltd continued production in 2008 with, generally, only one extrusion press line operating. However, sales nearly doubled in 2008 from 473,000 tons of Bushblok sold versus 235,000 in 2007 as well as an additional 212 tons of processed woodchip were sold to a Windhoek company producing composite wood products. Bushblok orders were predominately for South Africa, with the year ending on a very positive note as a container headed for sales in the Netherlands.

CCF Bush team demonstrated harvest techniques to several groups of farmers and consultations were also given to groups wishing to establish biomass power plants. Contact was made with the owners of a cement factory under construction to discuss the use of biomass.

The General Manager, Dr. Brewer, continued to liaise with the Charcoal Producer’s Association, the Department of Forestry, and was involved in the government’s continuing efforts to formally establish a Woodland Management Council.

In November, Dr. Marker attended the annual Tech Awards in San Jose, California as one of five selected Laureates for the prestigious Intel Environmental Awards. The Tech Awards is about Technology Benefiting Humanity and is one of the premier annual humanitarian awards programs in the world and recognizes technical solutions that benefit humanity and addresses the most critical issues facing our planet and its people. The awards program honours 25 scientists and innovators annually alongside the recipient of the Global Humanitarian Award. From over 700 nominations from 68 countries, CCF's Bushblok project was chosen and was the over-all winner of Intel Environmental award announced at the Gala dinner, and received a \$50,000 cash prize.

Cheetah Country Beef (CCB)

Meatco has been in contact with the Cheetah Conservation Fund (CCF) this year to discuss more about the Cheetah Country Beef (CCB) initiative. Meatco's CEO visited CCF and also brought a group from Woolworths Meats from South Africa into Otjiwarongo in May. CCF has continued its investigations into the marketing strategy around Cheetah Country Beef and made a good contact in Holland with the assistance of SPOTS. However, Meatco has gone very quiet on CCB. CCF will work closer with MeatCo in 2009.

Eco-Tourism

CCF continues its eco-tourist activities, working with booking agent Nuevas-Ideas. In addition to guided tours through its Research and Education Centre, special tours can now be booked that give the visitor a special view of CCF's mission and close encounters with the cheetah itself, including: "Cheetah Run", a unique "show" on how CCF keeps its non-releasable cheetahs exercised; "Bellebeno Safari", a guided photographic tour through CCF's 64ha female cheetah enclosure; "Little Serengeti" sundown game viewing drive; and a special opportunity to join Dr. Laurie Marker and CCF's ambassador cheetah Chewbaaka. This year, with the completion of a new enlarged cheetah drive-thru area pen near the centre, visitors with time restraints are offered a chance for good photo opportunities. This Elands drive has been a hit with our walk in visitors and doesn't require pre booking as many of the other activities do.

CCF continues to see an increase of visitors to its Open to the Public Field Research and Education Centre. During 2008, CCF hosted 5500 international visitors, many of whom pay extra fees to watch one of the special activities offered at CCF: cheetah run (600 people), guided safari to see female cheetahs in CCF's 200-acre Bellebeno (270 people), the new Elandsvreugde cheetah drive (1000 people), Little Serengeti guided tour (75 people). In addition, about 50 tour groups visited CCF Centre for specially guided tours.

This year, CCF has begun to sell lunches at its small café on a daily basis, and employed a hospitality coordinator to train CCF staff in tour guiding and hospitality. In addition, the Babson Guest House has had several paying guests as well as tour operators interested in booking visits to CCF with an exclusive at this luxury accommodation.

Special Visitors at CCF

In the past year, CCF has hosted several special guests including the CCF USA's Chairman of the Board, Dr. Stephen O'Brien; CCF USA Board member Gary Lee with a friend from Oregon; and CCF Canada board member and tour group leader, Carol Peterson brought a tour group to CCF in May. Other CCF past board members and trustees visiting included Dr. Bill Miller, Carl Hilker, Ralph and Marline Bushey, along with several Namibian board members including Jock Orford and family, Mike Hill, and Walter Bottger.

Other visitors to CCF included the UK High Commissioner H.E. George M. Liswaniso, the US Ambassador Dennise Mathieu, the Indian High Commissioner, Tsewang Topden, and the Rector of the Polytechnic of Namibia, Dr. Tjama Tjiukua. As mentioned before, 57 members of Leadership for Conservation in Africa (LCA) visited in September. In August, CCF hosted the Orvis Travel Group for the second year. The group of nine people stayed with CCF for three days and then Dr. Marker travelled with the group for an additional four days.

In April, Claudia McMurray, US Department of State, Assistant Secretary for Oceans, Environment and Science, spent a couple of days at CCF and joined Dr. Marker for meetings with CCF Namibia's Board Members, former Namibian Ambassador to the US, Leonard Iipumbu, and Tangenyi Erkana. Meetings were also held with the new US Ambassador to Namibia, and the Minister of Environment of Tourism.

V. EDUCATION

Public education and the development of an active grassroots constituency are integral components of CCF's overall cheetah conservation programme. CCF educates farmers, teachers and the public about the need and methods to conserve Namibia's rich biodiversity and the role of the cheetah and other predators in healthy ecosystems. Public education and the development of national pride in the cheetah are critical to its survival.

The CCF Centre is such an active place, daily. We have school or farmer groups, or international visitors and volunteers here throughout the year.

A. International Training

CCF uses the results of its scientific research as the foundation for a variety of conservation and education projects that integrate human needs with cheetah management. This three-pronged strategy includes long-term studies to understand and monitor the factors affecting the cheetah's survival. Results are used in developing conservation policies and programs to sustain cheetah populations, and working with local, national and international communities to raise awareness, educate and build capacity.

With the cheetah's populations dwindling through most other range countries, the cheetah's survival depends on educated people using proven methods to reverse this trend. Many such methods have been developed, promoted or adopted in the last nearly 20 years by CCF here in Namibia, but there is no one source of information and training for wildlife conservation professionals.

The need for capacity building and training was identified by both the Eastern and Southern African Regional Strategic Planning meetings for Cheetah in 2007. With this in mind, CCF, through the generous support of the Howard G. Buffett Foundation, committed to running a number of international conservation courses over a three year period to bring together conservation managers, scientists and community extension officers from cheetah range countries. The courses will unify a systematic approach to cheetah conservation including research, monitoring and wildlife-conflict mitigation measures.

The aim of these international courses is to provide information and practical skills focusing on building broad-based capacity to conserve cheetahs, their ecosystems and their associated biodiversity.

Three courses were held in August, September and November. CCF hosted more than 30 international conservationists from countries as diverse as Iran, Niger, Benin, Botswana, South Africa, Zimbabwe, southern Sudan, Kenya and Namibia. The course included talks on the role of conservancies in achieving conservation goals, as well as the use of various techniques for estimating and monitoring cheetah populations. Namibia is an example to other countries when it comes to integrated livestock and wildlife management, and the formation of conservancies to benefit both people and wildlife. In this regard, the participants got to put theory into practice when they conducted rapid ecological surveys in three communal conservancies, the #Khoadi //Hoas and Anabeb Communal Conservancies in Damaraland, and Nyae Nyae in Bushmanland.

B. Farmers' Training

CCF continued its work in the agricultural (livestock) sector development and continued to participate in a various events, which included farmers' days, public lectures, workshops, student groups, partnerships and formal training courses.

In 2008, nine training courses were presented by CCF which were attended by 157 participants. This included two courses on livestock management targeting illiterate farm workers and two courses on integrated livestock and predator management tailored to the needs of high school learners. Most of the learners and farm workers were sent by farmers who previously attended training courses presented by CCF. The mentioned courses were sponsored by the First National Bank of Namibia Foundation and the Agra Co-operative.

The other five courses were presented under the EU funded Emerging Commercial Farmers Support Programme (ECFSP), jointly coordinated by the Namibian National Farmers

Union and the Namibian Agricultural Union. CCF has entered into a Memorandum of Agreement with the ECFSP to present twelve training course until May 2009. Six courses have been presented to date, with another six courses scheduled for the first quarter of next year. Three Large Stock Management Courses and three Financial Farm Management Courses have been presented this year, while Small Stock Management and Mechanical Farm Maintenance are on the agenda for next year.

C. Primary through High School Outreach

Organised education programmes at CCF are designed mainly for groups accommodated at CCF's tented Camp Lightfoot. CCF hosts school and community groups, exposing them to different environmental education activities including a Nature Trail, team building activities, games and other environmental awareness activities. In 2008, 21 groups, totalling 708 individuals, visited CCF.

D. Community Outreach

Agra Co-operative, in partnership with CCF, hosted 4 public lectures in Gobabis, Windhoek, Tsumeb and Opuwo respectively. Lectures covered various livestock farming related topics, with CCF addressing predator-livestock conflict and sustainable approaches to address the challenge. Close to 200 farmers were reached during this programme. In addition, CCF staff (Elizabeth Lester & Anne-Marie Stewart) attended a farmers day organised by the Oos-Kalahari Farmer's Association and informed the audience about CCF's livestock guarding dog programme.

Polytechnic of Namibia visited CCF with 35 final year agricultural students as part of their practical exposure tours. The group was accommodated at Cheetah View, where they conducted practical sessions on rangeland management. In addition, they spent two days at the CCF centre, where they attended lectures presented by CCF staff members and a practical session on small stock husbandry, which included the demonstration of dosing, dipping, vaccination, castration and ear tagging.

The Cheetah View training facility was more efficiently utilised in the current year by availing it to third parties to conduct CCF independent training courses. Earthwise Enterprises (Wiebke Volkmann) and Boscia Training (Piet & Christine Stoman) rented the facility to facilitate farmer development programmes, which they extremely suitable for the purpose. CCF benefited by exposing course participants to CCF's programmes and sourcing some funds to maintain the facility.

And last but not least, CCF was actively participating in four workshops addressing farmers' development at strategic levels. This included a workshop on the Country Pilot Partnership Programme for Integrated Sustainable Land Management, the Annual Rangeland Forum, The Post Settlement Land Conference and a Strategic Planning Workshop of the Otjizondjupa Emerging Commercial Farmers Forum. This provided for a suitable platform to represent CCF's vision and to inform about CCF's active involvement

in promoting sustainable land management with special emphasises on the conservation of endangered species through an integrated livestock and predator management approach, and the multiple benefits thereof.

In conclusion it can be stated that CCF through its programme 'Future Farmers of Africa' managed to sensitise strategic stakeholders in farmers' development and policy formulation on the importance of addressing various programmes more holistically and accommodating the conservation-orientated approach with much more weight. It can thus be stated that CCF's initiatives in farmers' development is both recognised and appreciated at various levels in the agricultural sector. Better cooperation with various stakeholders can thus be expected in the years to come.

E. Collaboration with other Educational Institutions

Visiting international university groups included groups from Rhodes, Emory, Dartmouth, and North Carolina University which each brought about 10 students each.

During February and March, CCF hosted 10 students from the University of Florida, USA, enrolled in an accredited field course. Under the leadership of Aletris Neils -a former 2002 CCF intern, the students learned field research techniques, African wildlife management, Namibian culture and conservation.

For the third year, the Travelling School visited CCF, bringing 18 high school girls and their 5 teachers. They spend 3 days learning about what CCF is doing to conserve the cheetah and also participating in some volunteer work.

F. In-Service Training

CCF provided six months of in-service training to four Namibian students. Their contributions are as follows:

Kaino Sakana and Ndeshi Shivia were second -year nature conservation students from the Polytechnic of the Namibia conducting studies on, A study on the effects of grazing and mowing on the diversity and cover of grasses on the Big Field, farm Elandsvreugde # 367 (Otjiwarongo district) and Distribution and activity patterns of two populations of cape ground squirrel (*Xerus inauris*) at the Cheetah Conservation Fund (CCF), Elandsvreugde # 367 (Otjiwarongo District), respectively.

In addition CCF accommodated two final year agricultural students, Lazarus Nuuyoma and Johannes Andreas for their six-month in-service training at CCF. Students assisted with day-to-day activities to gain practical experience, while they conducted their own research programmes, being part of the in-service training. Research was done on the correlation between chest circumference and weights of Boer Goats (CCF's goat herd) and the design and testing of a visual catalogue assisting farmers to determine forage availability on their

farms. CCF is proud that both students obtained good marks for their research reports. One of the students has joined the CCF team as a general assistant with the completion of the in-service training.

CCF Education staff member, Gabrielle Angala, graduated with a qualification in travel and tourism from the International College of Namibia “That’s Nice”. Gabrielle has been a part of a working internship program for the past two years. CCF selected another intern this year from the same college, Pricilla Nebela and she has worked out very well.

G. CCF Staff Education

- Research Assistant Ezekiel Fabiano has started his literature review for submission of a proposal for his Doctorate degree. He received a scholarship from the Sidney Byers Scholarship from Wildlife Conservation Wildlife Conservation Network (WCN). Fabiano and CCF’s Post doc, geneticist, Dr. Anne Schmidt-Küntzel, travelled to Brazil through a collaborative grant from Dr. Eduardo Eizirik. They will be working in his laboratory to begin calibrating predator scat, gearing up for genetic work in CCF's new generic's lab this next year. Fabiano has applied to a Brazilian Universtiy, to work with Dr. Eizirik and is scheduled to begin his PhD in March 2009 with a scholarship from the Wildlife Conservation Network.
- Senior Research Assistant Matti Nghikembua completed his Masters’ in Development Studies with the University of the Orange Free State. Matti received the Sidney Byers Scholarship for Wildlife Conservation towards his studies. In addition, Matti completed an intensive two - year Emerging Wildlife Conservation Leaders (EWCL) training program aimed at “fostering leadership and innovation in the field of wildlife conservation”. The EWCL program is coordinated by Jeff Flocken (Director of the IFAW Washington DC office) and Nina Fascione (Vice President for field conservation programs – Defenders of Wildlife). Sponsors of this program include the US Fish and Wildlife service, Defenders of Wildlife, Gilman International Conservation, International Fund for Animal Welfare (IFAW) and the Wildlife Conservation Network (WCN).
- Gunther Roeber, CCF’ s Agricultural Training and Development Officer, continued working on his Masters degree in Sustainable Agriculture from the University of Free State.
- CCF Kenya Research Assistant, Cosmas Wambua, completed his Master’s degree requirements through the Department of Biology, Ecological and Systematic Zoology at Addis Ababa University in Ethiopia. His fieldwork evaluated the ecological impact of the subdivision on habitat and prey base in the Salama area where cheetah monitoring has been conducted since 2003. His studies complement the existing CCFK work in the region and provide a platform on which policy recommendations can be based for the land use in the area. In addition, his skills will now be implemented through ongoing ecological monitoring in the Salama area and collaboration with

CCFK's new partners – Chifuyu Beckett and Cherie Schroff. He will now be the data base manager and will assist in keeping consistency in data collection.

VI. ORGANIZATIONAL ACTIVITIES

A. Fundraising

CCF's Namibia's Annual Gala Dinner

For the tenth year, CCF held its Celebration of Speed and Elegance: "*Reflections*," on July 26 in Windhoek. This year's theme, Keeping Cheetahs Wild and Free, highlighted CCF's efforts to ensure the survival of Namibia's cheetah. 300 guests enjoyed a candlelight dinner, live music, and a silent auction of items donated by our business community.

CCF presented a series of awards at the dinner. Dr. Ian Player, one of the significant mentors in the establishment of CCF and this year's dinner guest speaker, was presented the Cheetah Conservationist of the Year Award for his lifetime of achievement, often against fierce odds, in the conservation movement around the world. The Cheetah Conservationist Farmer of the Year Award was presented to Andronicus Tjituka, an emerging farmer in the Hochfeld region, for his commitment to conservation farming. Finally, a special award in recognition of pioneering cheetah research in Namibia was presented to the late Friedrich 'Friedel' Gaerdes. His wife and children received the award on his behalf.

B. CCF USA Review

CCF USA Board of Directors

The CCF USA Board of Director met twice in person during the year and had two other phone conference meetings. A regular annual meeting was held on February 25-26, 2008 at the Cosmos Club, Washington D.C. Dr. Art Babson and Susan Babson resigned from the Board of Directors and Board of Trustees, respectively, and Board of Director Members, Laurie Marker and Gary Lee were re-appointed.

A special meeting was held on April 15, 2008 via conference call. During the meeting, Carol Hosford (WA) and Margery A. Nicolson (CA) were elected to the Board of Directors of CCF-USA, and Jayne Bazos, Patricia Klitgaard, Wily Ma, Claudia Whitehead, and Bob Page to the Board of Trustees. The board meet again in September at the Cosmos Club, in Washington D.C. This meeting was very well attended by both Trustees and Board members. A half day was devoted to development and fundraising, led by Scott Schultz. In addition, a trip to the National Zoos' Conservation Research Center (CRC) was attended by over 20 CCF friends who toured the new facilities that are to house CCF's cheetahs.

Donor Loyalty Programmes

CCF USA's budget is raised through a variety of ways, including sponsorships of cheetahs and dogs, grants, and memberships. Table 3 shows the breakdown of the various income streams.

Table 3. Over-view of CCF USA's donor programmes by percentage of programme

Grants	32%
Donations	
Adoptions (Dog and cheetah)	25%
Tiered Donor Levels	14%
General Donation	10%
Matching Gifts	4%
Events/Sponsorships	
Event Sponsorships	6%
Other Income	8%
Other Sales	1%

CCF USA began the process of overhauling the donor database and better managing acknowledgements and donor tracking in March of 2008. This began with the short-term hiring of a Database Project Specialist, Carol Johnson-Crowder, to clean and scrub data and to optimize the use of our database software, Exceed Premier. Within the same week a Membership Coordinator, Maura Biasi, was hired to receive donations, track donors and properly acknowledge contributions. Hiring was completed in the first quarter; success of these positions will be reported in the second quarter.

CCF seeks to increase donor loyalty. Since early 2004, CCF has launched programmes that offer supporters the option to become a part of the CCF's "Cheetah Family." These include yearly memberships, dog and wild cheetah adoptions, and CCF's non-releasable cheetah sponsorships. These programmes are available through the CCF USA and CCF UK web sites. Figure 6 shows a breakdown of the number of CCF USA members in each tiered donor level and an overview of the percentage of types of contributions make up the CCF USA income.

CCF acquired a donor database management programme in 2006, Exceed Premier, which enables CCF USA to grow renewal rates as it will allow to automatically issue renewal reminders for memberships, adoptions and sponsorships. The database includes over 35,000 entries and in 2008 the final updated historical donations for interface with QuickBooks. New systems are also being implemented in order to streamline communications with donors, via e-mail and through the CheetahNews Blog. During this period, CCF sent out one cheetah update to 234 sponsors, and sent four eLetters to over 13,500 e-mail recipients.

Figure 8 shows the breakdown of CCF USA's donors by the number of donors per category as well as a chart of the income by each of CCF USA's income generating programmes.

2008 Donor Breakdown & CCF Income

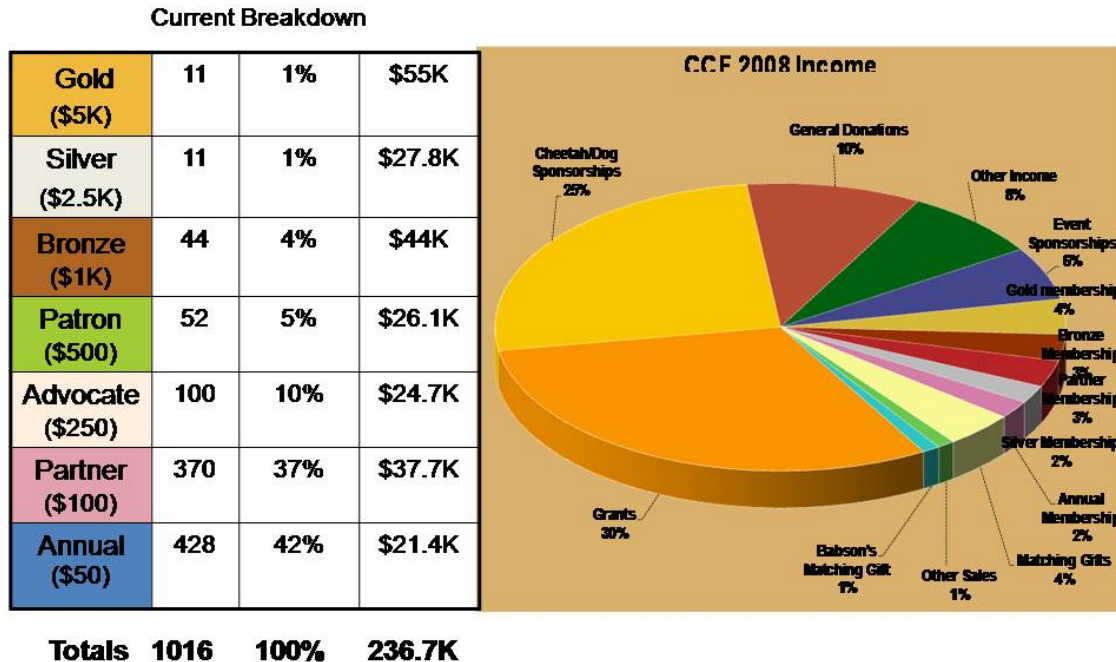

Figure 8. 2008 Current breakdown of CCF’s membership categories and number of donors in each category and CCF’s USA 2008 Income and breakdown of income areas.

Campaigns

The CCF USA Operations Team planned two mail campaigns in early 2008 both centered around the Smithsonian magazine article featuring Dr. Laurie Marker: A Spring mailer was sent to nearly 10,000 donors, and a Smithsonian mailer sent to 200+ major donors. In addition, a matching-grant campaign to celebrate Chewbaaka’s birthday was launched in July, and a year-end matching-grant challenge in December.

Late in 2007, CCF USA selected a vendor to provide mass emailing and tracking, thus attaining anti-spam compliance, a consistent list and tracking tools. Since the commencement of CCF’s E-Marketing campaign in 2008, seven blasts have been sent: two eUpdates, three eAppeals (Valentine’s, Spring and Mother’s Day), and four Dr. Laurie Marker’s Notes from the Field.

U.S. Tours

February/March/May Tour

Traditionally, Cheetah Conservation Fund conducts their Dr. Marker USA tours in the months of March and April, but this year Dr. Marker revised her schedule due to a special cheetah workshop held in Tucson, Arizona in February for the Howard G. Buffett Foundation (HGBF). The results of this conference provided funds specifically for CCF's international training programs.

Dr. Marker travelled in February and March to 11 states and 18 cities mostly for organizational meetings, fundraising, and lectures to draw awareness to the endangered cheetah.

The Field Museum in Chicago hosted a double lecture series for Dr. Marker with standing room only crowds. This heightened the membership levels in Chicago and created additional awareness of the 1st Annual Run for the Cheetah held on 6 April 2008. Educational programs at three Chicago schools were enhanced by the appearance of ambassador cheetah Kaigo from the Columbus Zoo.

CCF fundraising events during the tour helped to broaden the membership base and strengthen high-end donor interest in the cities of Phoenix, San Francisco, Lexington, KY, Seattle, Atlanta and Woodside, CA with over 80 new participants from that area.

Dr. Marker completed her tour as a guest at the White Oak Conservation Center's annual Members' Weekend that highlighted cheetahs and CCF's work in Namibia.

In May, Dr. Laurie Marker returned twice to the U.S. to receive prestigious awards on behalf of her lifetime efforts in the field of cheetah conservation:

- For the first time in the history of the Zoological Society of San Diego, a \$10,000 monetary award was given to the recipient of the Conservation Medal of the Lifetime Achievement Award. Dr. Marker was the honoured recipient of this award on May 16th for her 30 years of work with the cheetah and for her efforts in Africa to help ease local community conflicts with the cheetah. It is a great honour for Laurie Marker to be associated with other Conservation Medallist such as Jane Goodall, Sir Richard Attenborough, Dr. Ian Player, and E.O. Wilson PhD, to name a few.
- Dr. Marker returned to Chicago at the end of May to receive the Gold Medal award from the Society of Woman Geographers (SWG) at their Triennial Banquet on May 26th. The Society's President Kimberly Crews bestowed SWG's highest honour to Laurie Marker for her innovated and pioneering contribution in the scientific field of cheetah research and survival. CCF Chicago Chapter members and supporters celebrated this honour at a

cocktail party hosted by Maureen Murtaugh. Other Gold Medal winners included Dr. Mary Leakey, Amelia Earhart, Dr. Jane Goodall and Rachael Carlson.

This short visit to Chicago served as an opportunity for Dr. Marker to also meet with Jayne and Kris Bazos and CCF Chicago Chapter members to discuss fundraising and fall tour events for 2008. Trustee Patricia Klitgaard and Lynda Gearheart also made the trip to Chicago to strategize fundraising events for the Bay Area.

Matti Nghikembua, Conservation Hero by Disney and CCF's Senior Research Officer, returned to the USA in April. He gave a talk to staff at the Disney Animal Kingdom and then attended a weeklong Endangered Wildlife Conservation Leaders (EWCL) Training Session at the White Oak Conservation Centre. Matti visited Chicago and ran in the Chicago Run for the Cheetah on 6 April. Matti then headed to Edinboro University in Pennsylvania, where he was a featured speaker for the Conference Towards Global Excellence in the 21st Century. Matti proceeded to Ohio where he talked at the Columbus Zoo with their ambassador cheetahs, took a trip through the WILDs, and the Cincinnati Zoo. His final stops were the San Francisco Zoo and finally Phoenix to participate in the Phoenix Run for the Cheetah on April 26th. Matti was back in the US in December to attend the graduation from the EWCL training and also had a two week training course through ESRI in both Boston and California.

September/October Tour

In September, Dr. Marker travelled to 11 states and 18 cities starting in Washington, D.C., where she attended CCF USA's Board meeting at the Cosmos Club. The meeting also included CCF USA's Trustees, Chapter Heads, staff, and Mary Wykstra from CCF Kenya. All attendees were hosted by CCF supporter Sally Davidson at the 1789 Restaurant, and visited the Smithsonian's Conservation Research Center (CRC) in Front Royal, VA.

Fundraisers:

- The Plains, Virginia - private fundraising party hosted by Nick & Peggy Arundel. Cheetah Kaigo was on hand to show off the mission of CCF and wowed the crowd and supporters from the Wakefield school. CCF's General Manager, Dr. Bruce Brewer, was able to join at this event along with the Director of the Smithsonian Institution's National Zoo, John Berry and several key Smithsonian Scientists.
- Washington, D.C. – the annual DC Chapter party held at the Harbour Square which included the Columbus Zoo's ambassador cheetah Kaigo showcasing the plight of the cheetah was a great success with Liz Karch and CCF Chapter members hosting the event.
- Atlanta, Georgia - fundraising event at the home of John & Audrey Wilson, where over 125 guests learned about CCF.
- San Francisco Bay Area - this is a key area for many CCF stakeholders and CCF Trustee Bob Page and wife Sheri, who is a gourmet travelling chef, hosted a special

- donor's dinner for CCF in Sausalito and later a sumptuous luncheon was hosted by Terry Gross with CCF Trustee Patricia Klitgaard, Nancy Lang and Cindy Campbell.
- New York City – fundraiser at The Bitter End hosted by CCF supporter, Stuart Ditsky, with the assistance of CCF's Chapter Leader in New York, Ronit Kobrinski. The evening featured live music from Sage Michael, Alexandra Alexis, Antigone Rising and Alyssa Claar and Lilian Borunda, and comedy by Evan Zelnick.
 - Chicago, Illinois - private dinner with CCF friends at Carol Oken's home
 - Portland, OR – Annual Big.Cat.Big Party was held the night before the Run for the Cheetah to kick off the 4th annual Run with CCF Chapter Head John Van Allen and CCF Volunteers.
 - Woodside, California - Wildlife Conservation Network (WCN) weekend started with a private event in Woodside, California - hosted by Jerry Yang (Yahoo President) and wife and WCN board member Akiko Yamasakou. The weekend followed with the WCN Expo in San Francisco ending with the Garden Party at Charlie Knowles house in Los Altos. .
 - Boston, MA – Sifaka Productions with Deb Moore and Roberta Pasternack hosted a special evening fundraiser in Cambridge to meet new CCF members. This was also the first introduction of Sifaka to the public to discuss this new online virtual world of wildlife educational program to benefit CCF.

Lectures and Conferences

- Colorado State University's Human Dimensions in Wildlife Management - 2008 Pathways to Success Conference held in Estes Park, Colorado, where she also moderated a session on Human-Wildlife Conflict with over 400 global specialist attending the conference.
- 7th Wildlife Conservation Network (WCN) Expo in the San Francisco Bay area. In addition to lecturing as a WCN Fellow, the event provides a valuable opportunity to meet with key donors and other global conservationists. A CCF's booth was manned by Laurie Payne and Kat Bishop.
- UC Berkeley lecture on the future of the cheetah with Leigh Whelpton
- Laguna Blanca School in Santa Barbara, California
- Safari West annual lecture, attended by over 125 guests.
- Chattahoochee Nature Center with Janet Russell for the Association to Promote Tourism in Africa (APTA) in Atlanta, Georgia.

Awards and Special Events

Dr. Marker made a special stop in Indianapolis, Indiana for the **Indianapolis Prize** celebration and Gala, for which she was a Finalist this year. Dr. Marker shared this honour with the other finalists and long-time friends Drs. Ian Douglas-Hamilton and Rodney Jackson, and the 2008 Indy Prize winner, Dr. George Schaller.

As one of the Laureates for the 2008 Tech Awards, Dr. Marker was honoured at a black-tie Gala hosted by The Tech Museum at the San Jose McEnery Convention Center in San

Jose, California on 12th November. At the Gala, CCF was announced as the recipient of the 2008 Tech Award in the Intel Environment Category. CCF's Bushblok project was selected among hundreds of amazing people and organizations vying for this prestigious award. Winners in five of each award category receive a \$50,000 cash prize.

CCF Kenya Program Director, Mary Wykstra, also had a very busy tour in the U.S. this fall, which included lectures, conferences and fundraising events in Salt Lake City (Utah), New York, Milwaukee (Wisconsin), Cleveland (Ohio) and Battle Creek (Michigan). During her travels, CCF Kenya field staff, Cosmas Wambua, Research Assistant, and Lumumba Mutiso, Salama Community Officer, attended international conservation courses at CCF Namibia.

Other Events

CCF Chicago – Run for the Cheetah

CCF USA is very proud to have a motivated and committed Chapter in Chicago, which organized our first A-Market Run for the Cheetah on 6 April 2008, with nearly 700 runners. Preliminary budget numbers indicated that the Run brought in a gross of \$12,000 for CCF.

Mayor Richard M. Daley has agreed to be the Honorary Chair and Host for the event. CCF USA's Director of Operations, Kat Powers, presented Suzanne Malec-McKenna, Commissioner for the Department of Environment (attending on the Mayor's behalf), with the 2007 Conservation Leadership in America Award. The Commissioner addressed the city's efforts to advance conservation in Chicago. Bill Kurtis was the Master of Ceremonies and spoke to the crowd about Dr. Laurie Marker's work with the cheetah in Namibia and his personal experience with CCF. The Great Lakes Kangal Dogs Organization was represented with three dogs and one puppy, offering attendees a unique opportunity to learn about CCF's Livestock Guarding Dog. CCF's Matti Nghikembua, CCF's Sr. Research Officer from Namibia, attended the run. The Run for the Cheetah, Chicago is sponsored by National Geographic and Midtronics.

CCF Arizona – Run for the Cheetah

The 4th Annual Run for the Cheetah in Phoenix on April 26, 2008 proved to be a great success even though they competed on the same day against three other major running events. With over 600 dedicated runners for CCF, and CCF's Matti Nghikembua, and David Bluestein, volunteer Race Director, the Run for the Cheetah raised awareness of the plight of the endangered cheetah and over \$7,000 to support CCF's programs in Namibia.

Claudia Whitehead, CCF Chapter Leader in Arizona, was pleased with the Run results and the major support given to CCF by the following area sponsors such as the Phoenix Zoo, REI, Tucson AAZK, CheetahKids.Com, Wolf Creek Productions, Good Hope Wine Company and Watermill. Red Robin Restaurant hosted the Kids Dash, and the Phoenix

Zoo offered free admission to the Zoo for all runners and sponsors to CCF. With over 30 volunteers to help organize and sell merchandise for CCF, the event proved to be another triumph for the Arizona CCF Chapter.

CCF Oregon – Run for the Cheetah

Dr. Marker made a short visit to Portland before the 4th Annual Run for the Cheetah with CCF Trustee Teresa Delaney and CCF Chapter Head John Van Allen. Dave Bell and his wife Jen, and CCF volunteers successfully organized the Saturday morning Run for the Cheetah on October 11th with a smaller attendance than was expected, however, about 200 runners participated at the Oregon Zoo. Cheetah ambassador Kgosi from Leopard's Etc. joined the festivities to bring awareness through the kids camp run by the Oregon Zoo,

C. Review of CCF European Activities

As CCF's presence continues to expand in Europe with new and potential fundraising partners, Dr. Marker Laurie's spring tour included five countries and thirteen cities. CCF's increased effort to partner with zoos around the world resulted in lectures and meetings with seven zoos in four countries. The tour was made possible by CCF's fundraising partners CCF UK, SPOTS Foundation, Associazione ASN; by CCF Namibia's Board Member Jane Katjavivi, and the Dvur Kralove Zoo in the Czech Republic.

CCF UK

Dr. Laurie Marker returned to the UK in May for her fifth annual Spring Tour, and in November en route to Namibia. She attended CCF UK Board meetings during both trips. After nearly ten years of leadership, on 19th May, CCF UK's Chairman Andrew Mitchell stepped down from the board passing the leadership on to CCF board member Noel Boyd. Peter Stewart will continue as Secretary and Trevor Nicholls continues as Treasurer.

Friends of Conservation (FOC) organized 'The Really Wild Picture Show' held over two evenings at The Gallery at The Trobadour. The event was held over two evenings at The Gallery at The Troubadour, sponsored by the tour company, Expert Africa. Both evenings were well attended and gave people the opportunity to hear about the latest CCF's developments, whilst enjoying cocktails and hors d'oeuvres. FOC supporters Debbie Iliffe and Alison Ravano hosted lunches at their homes to introduce Laurie to some potential supporters. Debbie Iliffe hosted Dr. Marker again in November for a fundraising event held at the store of world-famous silver sculptor, Patrick Mavros with approximately 50 guests. Deborah also invited Dr. Marker to talk at her daughter's school, Garden House.

CCF UK donors Nigel and Jennifer Whalley hosted a champagne dinner party to benefit CCF at their Mansion at Albury Park near Guildford. Dr. Marker was joined by over 130 guests, including CCF supporters, local businessmen, lawyers, accountants and artists, as well as His Excellency, the Namibian High Commissioner, George Liswaniso; the United

States Deputy Chief of Mission, Mr. Richard Lebaron and his wife. The event was filmed by Channel 4 TV.

Dr. Marker, along with CCF UK Board members, Peter Stewart, Nick Lindsay, and Noel Boyd, met Vivian McGrath from Gecko Productions and Channel 5 TV to discuss a documentary about a re-introduction of a group of CCF's cheetahs back into the wild, scheduled to be filmed in July. Throughout her visit, Dr. Marker also met with numerous CCF sponsors and colleagues.

Zoo Outreach

- Chester Zoo– Dr. Marker returned to Chester Zoo for the second time, to present her lecture “Cheetah Future: Here Today, Gone Tomorrow?” to a full house with over 250 people, following a tour of the zoo's new cheetah facility. After nearly 10 years Chester Zoo will be exhibiting cheetahs again and Dr. Marker was able to make suggestions to the exhibit. The audience was captivated by the practical nature of the `solutions` being used to help this species.
- Paradise Wildlife Park – Dr. Marker visited this zoo for the first time to lecture before an audience of 100 zoo supporters. The Zoo presented CCF with their second donation for the year.
- Eagle Heights– Laurie met with this educational facility that specializes in birds of prey. They recently obtained two cheetahs, one of which is a part of the educational presentation and runs for exhibition. Eagle Heights offered a behind-the-scene tour of their cheetah area as an auction item for the fundraisers held at The Gallery.

SPOTS Foundation - Netherlands

During her second visit to Holland, Dr. Marker met with SPOTS' donors who sponsor two of CCF's non-releasable cheetahs: Blondi and Leia. Following dinner, Dr. Marker gave a lecture to an audience of over 150 attendees. Laurie also spent time with long-time Turkish friends Mustafa Sonmezer, and dog breeder Abdullah Cakir, who donated two Kangal Livestock Guarding Dogs to CCF earlier this year. CCF's long-time donors, Hanneke and Jan Lowman from the Wassenaar Cheetah Breeding facility hosted Laurie at their home. In the past year, Wassenaar closed down and sent their cheetah to other facilities; however, Hanneke and Jon stay active in all international cheetah projects and have continued to support CCF.

Dr. Marker met with VibroGym, a company that has supported CCF for the last two years. VibroGym manufactures sports equipment based on the principle of vibrations produced by the cheetah purr. She has been invited to VibroGym's annual dinner next October as a guest speaker.

Simone Eckhardt, head of SPOTS, organized various meetings with potential business partners for CCF's Bushblok and Cheetah Country Beef initiatives. These two projects have awakened the interest of BMR Travel, a high-end eco-tourism travel agency, as well

as Air Namibia representatives in Holland. BMR plans to include CCF in its itineraries. A FAM trip may be planned to CCF in the near future, as well as a press trip to Namibia with emphasis on CCF.

Zoo Outreach

- Arnhem Zoo – Dr. Marker met with representatives of this zoo, who expressed special interest in supporting CCF’s Cheetah Country Beef initiative. The Zoo’s Research Director, Mr. Joep Wensing, is also on the board of the Dutch Federation of Zoo's (NVD), a foundation that supported CCF in 2007 by mediation of the SPOTS Foundation.
- Amersfoort Zoo– A meeting with this Zoo centered on discussions about a potential partnership with CCF, with emphasis on education.
- Beekse Bergen Zoo – The Zoo has recently made a significant donation to CCF. During this meeting, Dr. Marker, the Zoo Director and several of its board members discussed ways in which to expand their support and educating the Zoo’s visitors about CCF’s work.

Cheetah Conservation Fund Canada

Cheetah Conservation Fund Canada put up a Cheetah Conservation table at a cat show in Kitchener last May. Plans included a stop at African Lion Safari to drop in and have a look at the newborn cheetahs at that facility.

Cheetah Conservation Fund Japan (CCFJ)

Plans for a visit to Japan by Dr. Laurie Marker during the summer 2008 had to be postponed, as CCFJ was not able to secure enough venues and funding. Efforts to continue raising interest and awareness in that country will continue.

To this effect, CCF Japan has been active in promoting cheetah awareness. In January, CCFJ representatives lectured at the Tamagawa Academy, a private school in Tokyo, for a class of first-grade pupils. Due to its success, CCFJ was asked to return within a couple of days to lecture to about 90 students from three groups. The school’s Head Master has expressed interest in making these lecture an annual event, and in having CCFJ participate in the school’s summer school courses. First-grade students are taken to the Tama Zoo in Tokyo annually, and CCFJ has also been asked to join the group and assist with introducing the cheetah to the students.

CCFJ is planning to send leaflets to other primary schools offering lectures to spread the word about the cheetah.

Associazione ASN - Italy

In Italy, Dr. Marker spent three days with Luca and Christine Biddau of the Associazione ASN, CCF’s newest partner in Europe. Since Namibia has become such a popular

destination for Italian travellers, this visit served to begin introducing CCF to Italian wildlife and cheetah friends in an effort to attract visitors to CCF.

The first of many meetings was with the head of the Natural History Museum of Torino, who expressed interest in setting up an exhibition on cheetahs and CCF's work to be launched by a workshop on large predators in October. CCF would use the Museum to present exhibit panels like those in the CCF Education Centre.

Lectures included the Universities of Milan and Pavia, attended by faculty and students of their Zoology and Ecology departments, and a public lecture at a cinema in Turin for the general public. At this lecture, Alberto Salza, one of the most famous local scientists with over 30 years' experience in Africa, translated Dr. Marker's lecture. The editors of Piemonte Parchi and OASIS, present at this venue, plan to publish a paper in their October issues. Key contacts were made, including interest by the University of Milan in supporting CCF's efforts as the main professor has visited Namibia and would like to work towards collaborative research programs. Dr. Marker was also honoured at a dinner with about 30 people, including the President of the local UNESCO, five tour operators, veterinaries and local people interested in CCF and Namibia.

Other International

Germany

Dr. Marker travelled to Germany for the first time to lecture at Würzburg University. The lecture, entitled "Cheetah Conservation in Namibia - a Model for the Future," was attended by over 100 people, a new record for this lecture series. This lecture series aims to give graduate students in Animal Ecology an insight in the work of applied conservation issues. As a result of this lecture, the University's Biology Faculty is planning a visit to CCF Namibia in 2009. A long article featuring an interview with Dr. Laurie Marker was published in the local newspaper "Mainpost" with a daily print run of 150.000.

Thanks to the mediation by Jane Katjavivi, CCF Namibia's Board member, Dr. Marker was invited to Berlin to attend meetings. Meetings included members of the Deutsche Afrika Stiftung (German-African Foundation) at the Parliamentary Society, members of the German Parliament, and strategic partners of the Dutch-Namibian Society at the Berlin City Hall.

During her visit to Germany, Dr. Marker made an informal visit to the Frankfurt Zoo, and met with various high-end donors and past volunteers.

In November, CCF signed a Memorandum of Understanding with Action Campaign for Endangered Species (ACES), a German non-profit conservation association with over 20 years' experience, with the mission to promote species conservation. ACES will help CCF educate people and raise funds in the areas of research, education and conservation, and

give the cheetah a chance to continue walking on this earth. CCF's partnership with ACES presents CCF with an exciting opportunity to expand our donor base in Germany.

France

A new group called "Amis du Guépard" (Friends of the Cheetah) is in the process of being formed by CCF's supporter Julie Woman, and Cheetah Conservation Botswana's supporter, Patrice Aubry. The group held its first meeting in January 2008, and although it is not yet legally established, they are actively seeking supporters and helping CCF respond to inquiries from French-speaking countries. Amis has produced a brochure about the cheetah, in French, as an information tool for the general public and some specific organizations in France like zoos, nature reserves, schools, etc., and is planning to translate the CCF web page into French.

Australia

Inga Yandell, Chief Editor of a women's Australian magazine, Bare Essentials, began supporting CCF in Australia, with potential plans to form a Chapter there. Bare Essentials chose CCF as one of two 'Wildlife Ambassadors' that will receive 20% of income from subscriptions. Working under guidance from Patricia Tricorache, CCF's Asst. Director for International Programmes, Inga organised the first-ever Children's Run for the Cheetah event in that country. The event, held at a school in the La Trobe area in November, raised awareness about the endangered cheetah and funds to support CCF. Additionally, in September and October, Inga negotiated a promotion with fitness personality, Jari Love. Proceeds from all online sales of one of Love's fitness videos were donated to CCF. Other CCF supporters in Australia have been put in touch with Inga with the objective of gathering a group that could found a CCF Australia chapter.

D. Web Site

New Web Site

CCF's International Assistant Director (and webmaster) Patricia Tricorache, has been working with Digital Cheetah to upgrade and re-design the www.cheetah.org web site. The new site will include numerous improvements suggested by CCF volunteers with experience in web development and graphics, particularly to incorporate more eye-catching graphics to encourage donations. It will be wider to allow more content such as news, ways to give, take action, among others. Digital Cheetah, a sponsor of CCF since 2002, is donating most of the costs of designing and transferring content to the new web site. The site's launch has been postponed due to delays on the developer's side, Digital Cheetah, and is expected to be launched in the first quarter of 2009.

Improvements

The current CCF web site (www.cheetah.org) has continued to be re-vamped. During this reporting period, a total of 537 updates, changes and additions were performed. These include the addition of scientific papers, cheetah and event news, the 2005 and 2006 Cheetah Studbooks, the 2007 Annual Report, Kids@Work, the new Cheetah Shop at CafePress.com and other vending partners, the Babson House, Wish List and Volunteer stories, 55 news items, Dr. Marker's spring and fall tours and other cheetah-related events. Modifications or improvements were made throughout the web site, in particular the CCF Kenya, Visiting CCF Namibia, and overall navigation.

Traffic/Donations

Improvements and changes to the current web site, designed to attract more donations, resulted in a 15% increase in the number of online transactions (up 42% in monetary terms) during the period January-June 2008, compared to the same period last year. Interestingly, overall web site traffic decreased significantly between the two periods (Table 4). This could be attributed to the closing of the Cheetah Shop, which was comprised of an average of 40 pages.

Table 4. Number of web site traffic in January-June 2007/2008.

	Jan-June 2007	Jan-June 2008	% Variance
Unique Visitors	549,259	220,630	60%
Total Visits	772,515	384,058	50%
Pages Visited	1,818,851	1,221,021	33%
No. Donations	432	509	15%

The number of PayPal and online transactions increased by 25% during this period (Table 5) in comparison with the same period last year, resulting in an overall 42% increase in online donations between the two periods. CCF initiated a recurring donation program through PayPal in August 2007, which has resulted in nearly double the number of transactions through this means. CCF added Google Checkout as a donation option for YouTube.com users last March, and although not widely used, it has attracted new donors and requires no time investment by CCF. The Cheetah Shop, closed since in May 2007, is excluded for comparison purposes. The 2nd half of 2008 statistics is not as of yet available.

Table 5. Transaction Comparison – January-June 2007/2008

	Jan-Jun 2007	Jan-Jun 2008	Diff.	Var. %
Donations – PayPal	170	257	87	34%
Donations - CCF Web	197	222	(40)	-11%
Donations – Google		7	7	100%
Total:	367	486	119	25%
Cheetah Shop - CCF Web*	144	45	(99)	-70%
(*) Only calendars in 2008.				

The New Cheetah Shop

The CCF Cheetah Shop was closed in 2007 to create a better means to manage inventory, shipping and to better gauge return on investment. On 1st April 2008, CCF USA opened the Cheetah Shop using Café Press, a well-known online retailer that runs the ordering platform, manages inventory and allows vendors to create custom products with no upfront expense to the organisation. This is an excellent solution, which effectively eliminates inventory and shipping, and the only return we see is profit.

Membership Relations

CCF's Webmaster handled and/or channelled over 500 web-originated inquiries during this period (400 were handled during 2007), ranging from donation-related questions (381) and responding to FAQs (140), to communicating with kids requesting assistance with school projects (91). 32 of these inquiries were in connection with CCF's policies on issues such as hunting or captive cheetahs.

E. PR and Marketing

Advertising

Google Grants donates free advertising through their popular search engine. During January-June 2008, CCF has benefited from over \$36,700 worth of advertising via 2 million ad impressions that generated 85,228 clicks.

A 3:57-min Year-End video posted on YouTube.com in late November 2008, has been viewed over 9,000 times. Collectively, all eight CCF videos on YouTube.com have been viewed nearly 200,000 times since CCF created the YouTube.com account in August 2006. A Google Checkout button for donations is available to YouTube.com users since March 2008. The videos can also be seen on the CCF and CCF UK web sites. All videos have been rated five stars and have received very positive comments.

CCF UK placed an ad on the January issue of the BBC Wildlife Magazine. SPOTS Foundation in Holland has run a free 30" TV Commercial showing on Dutch Animal Planet. *The Pet Gazette* in the U.S. has run free ads promoting CCF's Cheetah Sponsorship Program in its May/June 2008 issues. The Pet Gazette is a free, bimonthly publication with an estimated readership of 75,000, distributed to various pet stores, groomers, veterinary offices, animal hospitals, and other outfits throughout Los Angeles County, southeast Florida and the Northern California Bay Area.

CCF USA placed a full page ad (valued at ~\$7000) in the December/January issue of Fast Company (circ: 750,000), thanks to the support of past Earthwatch volunteer Chris Osekoski. The award-winning magazine targets young middle and upper income readers by covering ideas, trends and visionaries that are sparking change and creating the future of

business. After this ad ran, a magazine based in Florida offered CCF a full page ad placement, free of charge, in their magazine.

Media

Press Releases - Twenty-one press releases were submitted to Namibian media, and to southern Africa, U.S. or internationally when pertinent.

Media Inquiries and Interviews - CCF staff handled 78 media inquiries including 24 interviews (16 direct; 8 by e-mail), three article contributions, 12 image or footage requests, and 16 fact-finding or initial requests regarding future media projects.

Year-end The Times (UK) ran an article about CCF's livestock guarding dog programme which was picked up by BBC Radio and also placed on their website, and Australian radio station. Due to UK CCF supporter, Sue Charles, who runs a PR agency. CCF also made acquaintance with the Publisher of UK's magazine Hello, Charlotte Stocking, who will be visiting CCF in early 2009 and to plans on bringing a celebrity to CCF in 2009.

Visiting Media - CCF handled about 22 film or documentary inquiries to film in Namibia, resulting in five crews filming in Namibia. One of these, a documentary for the Indianapolis Prize, was hosted in March 2008. Two others, a crew from Gecko Productions filming a cheetah release and the African correspondent of the Dutch leading newspaper, De Telegraaf, were scheduled for July, 2008. In October, 2008 Earthwatch Institute sent the Green Living Project to film a day in the life of Earthwatch Volunteers for their 2009 Lecture series and various consumer events.

CCF's media monitoring is carried out via a free service: Google News Alerts, which reported a total of 100 articles mentioning CCF during this reporting period.

Other CCF and/or Cheetah-related Coverage – Fifteen articles in connection with CCF were published during the covered period: three of these were feature articles about CCF on the Smithsonian Magazine, the Christian Science Monitor (USA) and Ranger Rick's Magazine, while four others covered issues varying from research carried out at CCF to study the profitability of using bush chips in electricity production in Namibia, to Dr. Marker's participation in wildlife conferences in Algeria and West Africa. Four articles covered staff, ex-volunteers or associates of CCF.

Following is an excel spreadsheet "media summary" that lists all media and book listing.

Collaboration with writers and publishers

A 2008 re-print of the 2006 book called *Going, Going, Gone?* Was published by Think Publishing (UK), and includes CCF. This was the first book of its kind, in which 100 conservation organisations around the world each nominated the flora or fauna species that gave them most cause for concern. The book has proved extremely popular. Think Publishing

contacted CCF to request that information and pictures on your pages be reviewed and updated if necessary. In addition, CCF staff responded to 15 inquiries for books, including an e-mail interview by the author of juvenile adventure novels working on a book featuring cheetahs.

Initial approaches were handled for a new Scientists in the Field book about the work of Dr. Laurie Marker (genetics, education, etc.) and inquiring about Dr. Marker's interest in writing a book about her and CCF for the German publisher, Kosmos Verlag.

Three image requests were received for an educational children's book, Cheetahs, as part of the Lerner Publishing Group, Inc.'s Nature Watch series; a book about Kungu Shepherds; and a book of Face of Philanthropy profiles to celebrate the Chronicle of Philanthropy's 20th anniversary. Finally, French lecturer and writer, Fabrice Delsahut, was provided with an article on cheetah genetics by Dr. Marker for a book about personalities who try to protect environment, while Icfai University Press (India) requested permission to re-print an interview with Dr. Marker on safaritalk.net.

Other inquiries included marketing support by an author and illustrator of children's books, while a graduate creative writing student from University of Arizona requested information regarding cheetah's lung capacity for a book about a fighter, which uses the cheetah as the focal point.

VII. STRUCTURAL ACTIVITIES

A. Staffing

Dr. Laurie Marker – Founder/CEO

Patricia Tricorache – Assistant Director, International Relations, Webmaster, Database

CCF Namibia:

Dr. Bruce Brewer – General Manager

Johan Britz – Farm Manager

Engelhardt /Awaseb – Assistant Farm Manager

Laura Linn – Operations Manager

Tanya Britz – CCF Bush Book-keeper

Monique Escurat – CCF & Janhelpman Accountant

Hilda du Preez – Part-time Accountant Assistant

Matti Nghikembua – Senior Research Assistant & Education Officer

Anne Marie Stewart- Volunteer Coordinator and Ecologist

Christopher Gordon – Research Assistant and Ecologist

Ezekiel Fabiano – Senior Research Assistant

Elizabeth Lester – Veterinary Technician

Anne Schmidt-Kuenzel – Post-doc Geneticist

Gunther Roeber – Agricultural Training and Development Officer

Gebhardt Nikanor – Education Officer

Gabriel Angala – Education Officer

Kate Echment – Animal Care Manager - Cheetah Keeper
Matthew Cleverly – Cheetah Keeper
Bessie Simon – Janhelpman Supervisor
Max Simon – Maintenance Supervisor
Heike Stackman – Public Relations Officer and CCF Gala dinner organizer
John Hunter – Dog Program Assistant

CCF Namibia also employs 20 Namibian farm workers and domestic workers.

CCF Kenya:

Mary Wykstra – Senior Research Assistant
Cosmas Wambua – Research Assistant
Lumumba Mutiso – Community Development Officer

Additional Staff and Affiliates:

Joseph Kisenge – Community Game Scout/ Field Assistant (Salama)
Pius Mutila – Community Game Scout/ Field Assistant (Salama)
Jimmy Kitange – Community Game Scout/ Field Assistant (Salama)
Ken Ochieng – Housekeeping (Nairobi)
Chifuyu Beckett – DPhil’ Student (Salama affiliate)
Cherie Schroff – Conservation Biologist (Tsavo region affiliate)

CCF USA:

Kat Powers - Director, Operations
Lynda Gearheart - Fundraising Programs Manager
Paula Martin - Executive Assistant/Outreach Coordinator
Allison Rogers - Grants Administrator
Laurie Payne - Fundraising Project Manager
Maura Biasi - Membership Coordinator

B. Volunteers

Volunteers are the backbone of CCF. CCF has been working with Earthwatch since 1996 with up to six volunteers participating monthly for a two-week period. During 2008, 66 Earthwatch volunteers assisted CCF.

In addition to Earthwatch, a further 52 volunteers joined CCF during 2008. Among these were five Namibian volunteers, 22 international working-guest volunteers and 25 national and international student volunteers. CCF capitalises on professional specialities and interests of all volunteers, which adds to the volunteer’s experience.

C. Namibian Facility Developments

Existing Structural Projects and New Projects

In 2008 we continued maintenance work on existing structures, including some major renovations of staff facilities. Staff housing at both Elandsvreugde and Boskop - for housing short or long-term volunteers, staff and course instructors, were upgraded in June with work on roofs, plumbing, and electrics.

A new borehole was put in place on Boskop as a security measure (it is from a different source than the bores currently used as supply for Boskop and piped to Elandsvreugde). A borehole was drilled at Rhino dam to replace a collapsed one, and several other bores were cleaned.

The fence surrounding the Rhino Reserve was upgraded with new posts where necessary, extra wires, and electric fence in some parts. Small drinking bowls were sunk along the fence line for the rhino.

The ABI Genetics Laboratory in the basement of the Babson Guesthouse was fully outfitted and put into service.

The Roads Authority took gravel from the Boskop pit to accomplish much repair of the main road. CCF crews continued their maintenance of farm roads including graveling and grading.

Hay was again baled from the big field by a contractor with a round baler. Profit is taken as hay bales for our own use.

The Rhino Reserve

Preparations for the 12,000-hectare "Rhino Reserve" continued and included grading the rhino fence line, and setting of fence poles. Final work on the fencing is being completed. In November, 2008 two black rhinos were released into the reserve. One is a 6 year old male and a 3 year old female.

The Vineyard

On livestock farmlands usually only one member of a family is working. Through diversifying farming operations, more opportunities for jobs will become available. The Namibian government policy document calls for activities that create employment opportunities in rural and urban areas. Economic stability then becomes a catalyst and a prime motivator for encouraging ongoing efforts to protect habitat and cheetahs and other predators in Namibia. Over the past three years, CCF began developing a small (1 ha) experimental vineyard on its farmstead that could provide additional part time jobs. This project was supported by WWF Sweden under

its poverty reduction grant programme. In December a representative from WWF Sweden, Dr. Risa Rosenberg, visited CCF to check on the progress of this venture.

Automotives

At the end of 2008, two of the three new 4X4 trucks purchased through the Howard G. Buffett Foundation were running fine, however, one was totalled in April. Using the insurance money, a new vehicle was purchased to replace it. CCF's four other main vehicles are approximately 7-8 years and maintenance and repair has been frequent given the sheer amount of distances driven.

IT & Computers

CCF continues to experience problems with slow internet access. CCF's computers are all getting older and Dr. Brewer continues to re-build and upgrade all computers at CCF.

VIII. PLANNED ACTIVITIES: January – December 2009

In line with this statement our Goals for 2009 are as follows:

1. *Continue intensive scientific research on cheetah health, reproduction, genetics, ecology, and species survival;*
2. *Create and manage long-term conservation strategies for the cheetah throughout their range, and develop and implement better livestock management practices, eliminating the need for ranchers to kill cheetah;*
3. *Conduct conservation education programs for local villagers, ranchers and school children;*
4. *Continue fundraising to maintain programs.*

To achieve these goals we will be undertaking the following objectives and planned activities.

Research

Goal #1

- Continue with tag-and-release programme and biomedical sampling on both, as well as research into population dynamics and cheetah densities.
- Continue on cheetah relocation research. In 2008 CCF started with a reintroduction programme in NamibRand Nature Reserve involving five male cheetahs; monitoring and possible further introductions into this area are planned for 2009, including the use of CCF's Bellibino farm for first stage re-introductions.
- Continue to collaborate with University of Davis, Smithsonian, White Oak Conservation Centre, and Namibian veterinarians on stress related disease research and collection of gastric biopsies.

- Continue to collaborate with the Smithsonian Institution on reproductive physiology studies on male and female cheetahs.
- Continue to develop CCF's genetics lab to extract DNA from scat.
- Import trained scat sniffing dog from Philadelphia (where dog has been trained for CCF in 2008) and begin data collection with scent sniffing dog
- Continue research on squamous cell carcinoma (SSC) on Livestock Guarding Dogs (tongue cancer).
- Continue ecology projects: Game/strip counts, Waterberg Conservancy annual waterhole count, Research/Education plots of grasses and bush, and further development and use of camera traps as a census technique in known and possible cheetah range areas.
- Publish peer-reviewed scientific papers on CCF's research, and continue to contribute to popular publications.
- Publish the 2007 International Cheetah Studbook

Conservation

Goal #2

- Continue implementing strategies planned at the 2007 Eastern and Southern African strategic planning meetings with partner organizations.
- Help coordinate a Namibian National Cheetah Workshop in early 2009.
- Continue working with farmers on cheetah-related issues and reducing conflict with cheetahs.
- Continue working with the Large Carnivore Management Association (LCMAN).
- Assist in planning a National Cheetah Strategy Planning meeting for July 2009.
- Continue working with the Conservancy Association of Namibia (CANAM), the Waterberg Conservancy, the Greater Waterberg Complex, and various communal conservancies in wildlife and habitat monitoring, eco-tourism activities, and promoting the concept of conservancies.
- Continue to expand the Livestock Guarding Dog Programme through breeding, placement and monitoring of dogs.
- Work with the Ministries of Agriculture, Environment and Tourism, and Trade and Industry on bush encroachment-related research and bush industry development.
- Continue CCF Habitat restoration project and the production marketing and sales of BushBloks - nationally and internationally.
- Continue promoting Cheetah Country Beef.
- Attend Namibian Agricultural & Industrial Shows.
 - Continue to assist other cheetah range countries with their cheetah programs,
 - Begin communications in Angola and other North and West African countries.
 - Continue to monitor rhinos on CCF Rhino Reserve.
 - Continue Model farm operations and use farm for training programmes as well as a profit making centre.

Education

Goal #3

- Continue to expand CCF's community development programme.

- Continue to conduct educational assembly programmes in schools throughout Namibia, and distribute teacher and student materials.
- Host the University of Florida students for a 3-month field excursion at CCF.
- Host high school students from the International Travelling School for a number of days when they visit Namibia.
- Host the Earth Expositions in cooperation with the Cincinnati Zoo.
- Host student groups at Cheetah View in cooperation with the University of Namibia.
- Continue with student internships in co-operation with Namibia's Polytechnic, teacher training colleges, the University of Namibia, and Oregon's Global Graduate Programme, and other international universities, including Master Degree students.
- Continue as a field station for Earthwatch and work with Earthwatch volunteers.
- Continue to conduct farmer and farm worker training courses in cooperation with various Namibian industry partners.
- Continue to co-ordinate and host international Cheetah Conservation Biology courses and Integrated Livestock and Predator Management courses, involving researchers and outreach/community development officers from cheetah range countries around the world in co-operation with the African Cheetah Initiative of the Howard Buffett Foundation and the Smithsonian Institution.
- Provide training to CCF's professional staff.
 - Research Assistant Ezekiel Fabiano, will complete submission of a proposal for his Doctorate degree and begin course work in 2009. Fabiano received a Sidney Byers Scholarship for Wildlife Conservation towards his studies in 2008 which has been extended into 2009.

Fundraising

Goal #4

- CCF Executive Director to travel to the US, UK and EU for fundraising and lectures.
- Continue developing CCF USA, CCF UK as well as the development of international fund raising arms in Germany, France, Holland, Italy and Japan.
- Begin an endowment fund for CCF.
- Organise CCF Namibia's annual fundraising dinner for July 2009.
- Continue to host national and international journalists.
- Increase local sponsorship opportunities.
- Continue to develop Eco-Tourism at CCF through marketing: Bellebeno Safaris, Elandsvreugde Safaris, Little Serengeti, Cheetah Runs, and the Babson Guest House.
- Translate Education Centre panels into various languages including Italian.
- Continue planning the development of a high end tourism Tented Camp at CCF.

Structural Activities – Facility Development

- Continue to improve the computer network
- Upgrade the water pipelines at Janhelpman, Boskop and Cheetah View
- Finish rhino fence
- Build new dog pen at CCF centre
- Complete the Genetics laboratory through the addition of a Scat Lab

- Continue maintenance on houses and infrastructure to Elandsvreugde, Boskop, Cheetah View and Janhelpman; fix Boskop house and roof
- Continue with Lightfoot tent camp development
- Continue building the CCF nature trail
- Reduce transport expenses and obtain more public licenses to transport people
- Develop water supply at the vineyard and implement more cuttings
- Work towards the development of an eco-tourism tented camp at CCF

APPENDIX I: MEDIA

A. Press Releases

Date	Title	Distribution	Originator:
2-Jan-08	Historic Event on Saharan Biodiversity Conservation in Algeria	Worldwide	Joint: World Deserts Foundation, Sahara Conservation Fund (SCF) and CCF
